NUMBER 176

POSSIBILITY OF INDUSTRIAL DEMORALIZATION OVER

FEDERAL GOVERNMENT BELIEVES RATION COAL PLAN WILL TAKE CARE OF URGENT NEED OF THE NATION FOR THE PRESENT

Also Optimistic Over Rail Strike Settlement
Plans; Coal Strike Is Still "In the Woods" With
Solution of Problem No Nearer Settlement

TWO CONFERENCES ARE SCHEDULED

WASHINGTON, D. C., July 29.—The threat of industrial demoralization is over, Administration leaders said today, as President Harding reduced to writing his promised plan for settlement of the railroad strike and the Presidential coal committee started its work of rationing fuel. The White House is confident of a settlement of the railroad strike sometime next week.

Coal Strike "In the Woods."

While the coal strike is regarded as still in the woods President Harding is sure that the public demand for fuel will have ample response. We shall have coal, it was confidently and emphatically stated at the White House.

Harding Sure Of Rail Peace.

The President feels almost certain that his plans will be accepted by both factions in the railroad dispute as he has secured a virtual agreement from representatives of both factions. Tuesday will see the final step towards peace, administration officials stated. On that date executives of one hundred and forty-eight railroads will meet in New York to discuss the President's plan for a settlement. On the same day ninety officials of the shop crafts union will meet in Chicago.

THE FLY IN THE OINTMENT

Chicago, Illinois, July 29.—Leading western railroad executives will strongly oppose any settlement of the railroad strike which will restore seniority rights to the men who walked out. At the conference in New York next week the western company managers will stand pat on the decision that the strikers' names will go to the bottom of the list on their return to work. At the same time the general opinion here was that at the meeting to be held in Chicago the workmen would be willing to accept the President's proposal that seniority standing of the strikers be placed just behind the old workmen but ahead of the strike breakers.

JEWELL AND CUYLER HAVE PROPOSAL

Washington, D. C., July 29.—President Harding forwarded his comprehensive suggestions which he believes will end the rail strike to leaders of the opposing factions today. The compromise proposal arranged by President Harding in conference with labor and rail forces was sent in letter form to Bert M. Jewell, head of the shop crafts department of the American Federation of Labor, and T. DeWitt Cuyler, head of the Association of Railway Executives. The contents of the letter were not revealed at the White House but may be given out later by Jewell and Cuyler.

BIG ROADS WILL OPPOSE

Chicago, Illinois, July 29.—All of the big railroads of the country will demand rejection of President Harding's proposal for settlement of the shopmen's strike so long as it contains any proposal for restoration of seniority rights to strikers, leading western railroad officials stated today. Small roads which have made no preparations to fight the strike and who have hired a few men want to accept the proposition. A meeting will be held in New York on Tuesday by representatives of these smaller roads. Seniority proposals are not important to them, as they have hired few strike breakers.

BAN ON COAL EXPORTS

Washington, D. C., July 29.—A ban on the exportation of coal except in cases of great emergency has been decided upon by the government, Secretary of Commerce Hoover announced today. This is a part of the government's fuel conservation plan during the mine strike.

CONFERENCE ON WEDNESDAY

Philadelphia, Pa., July 29.—Coal operators in the Central Competitive Field and union leaders will gather here next Wednesday for a conference, it was reported here today. President John L. Lewis refused to either confirm or deny the selection of Wednesday as the date for the conference, but declared it was near at hand. Lewis said he believed the men would be back in the pits in less than thirty days, but that the men would not resume mining during the negotiations. A conference said to have vital bearing on the present strike is scheduled to be held here sometime this afternoon. A number of union chiefs are in the city for this conference.

Washington, D. C., July 28.—Henry B. Spencer, former vice president of the Southern Railway and general purchasing agent for the wartime railroad administration was appointed Federal Coal Administrator for the duration of the present strike emergency by President Harding.

Spencer becomes administrative member of the coal distribution committee which will control distribution of available coal supplies on a priority basis to essential industries and utilities. With the announcement of the cre-

(Continued on Page 8).

YOUNGEST MOTHER

Hardin, O., July 29.—"I have no boy friends," Unshaken by inquiries of medical and local authorities Elizabeth Irwin, aged ten, said to be America's youngest mother today. Irwin witheld the identity of the child's father. A grand jury which was in session and inquiring into the case failed to bring out more than the one statement from the young mother "I have no boy friends." Elizabeth is the daughter of Rev. I. M. Irwin. The baby, a boy, weighing seven pounds at birth is apparently in the best of health. The girl's parents and other relatives said they could throw no further light on the case.

Columbus, Ohio, July 29.—Birth of a seven pound son to ten year old Elizabeth Irwin of Hardin, Ohio, was declared the most puzzling phenomenon of the age by Dr. Lyon, well known physician and head of the obstetrical department of the McKinley Hospital here.

CHERRYTREE WILL CELEBRATE ALL OF NEXT WEEK

Cherrytree, that borough at the junction of Clearfield, Indiana and Cambria counties, will mark one hundred years of its life with a big centennial celebration next week, at which time thousands of former residents are expected. A number of Clearfield people are planning to spend one of the three days at the celebration.

There will be something doing every day to entertain the thousands of visitors who will congregate there from all over the country. Historical scenes will be re-enacted and those having charge are sparing neither time nor expense to make the occasion a great success.

This is the point at which Penn made his treaty with the Indians in 1788—there will be real Indians on hand to perform their part. There will be rafting scenes of later years, reproduced, bringing back the lumber period when Cherry Tree was a great center of industry in this business.

Cherry Tree Borough was settled early in the nineteenth century by John Bartlebaugh, Peter Gordon, Asa Crossman, William Eason, Reeder King, Henry Sebring and others.

Abner Bartlebaugh was the first male child born at this place, in 1830 and is still living, being now a resident of White Township.

The town is located at the junction of the counties of Cambria, Clearfield and Indiana, and derives its name from the fact that its location in Colonial times and during the first half century of our Statehood was marked by a large wild cherry tree which stood on the point of land in the forks of the West Branch of the Susquehanna River and Crush Creek. The tree marked the point known as "Canoe Place," being the head of canoe navigation at ordinary stage of water and the place where the Indians usually tied their canoes.

Coincident with the centennial celebration at Cherry Tree next Thursday, Friday and Saturday, August 3, 4 and 5th, a number of historical happenings are brought to mind, of which the following will be of interest.

By an Act of Assembly in 1868 the Cherry Tree Male and Female College was founded with a capital stock of \$10,000 and was in progress up to 1875 when the State Normal School at Indiana was opened and caused the abandonment of the project. For a period of several years the school was principal of this institution.

Prominently engaged in business and connected with the history of this town during the lumbering period, reaching to about the year 1890, were

(Continued on Page 8).

ISSUES 8000TH MARRIAGE LICENSE --- TO HERSELF

San Diego, Cal., July 29.—Mary McMillen, four years ago became this county's official cupid.

At that time she secured employment in the clerk's office and on her first day at work issued her first marriage license.

The couple giggled their way out, and Mary quite determinedly said: "Not for me. I'll never marry!"

Two years later, Mary issues the four-thousandth marriage license

from her desk. Enters Charles Duffy as a court clerk in another department of the echoing old courthouse.

Says Mary again: "Marry? I've never thought about it."

Another two years. Another four thousand marriage licenses issued by Mary—that is, to be exact, 3,999.

Then Duffy whispered something into Mary's ear. Mary was receptive. And the eight-thousandth license Mary issued to herself. Now she's Mrs. Charles Duffy.

FIND DYNAMITE IN CARLOAD OF NON-UNION COAL

New York, July 29.—Discovery of dynamite scattered through a car of Western Pennsylvania strike zone coal consigned to the Fleischman Manufacturing Company here caused officials of manufacturing plants to issue orders for careful inspection of all fuel brought in during the continuation of the strike. Stokers at the Fleischman plant found small pieces of dynamite in the coal and a careful investigation revealed enough pieces to make three complete sticks of dynamite, it was reported by the police.

KENTUCKY MINERS THREATEN TO BURN MINE COMMISSARIES

Nashville, Tenn., July 29.—Striking coal miners from Kentucky have crossed the border and have threatened to burn commissaries of the mines here and shoot down the guards, a message from the sheriff of Claiborne County declared today. The sheriff asked the aid of additional state forces to suppress the invaders. Adjutant General Brunitt is expected to confer with Governor Taylor today regarding the request for troops.

Miss Hazel Weston, of West 3rd Ave., is spending some time with her sister Miss Alveta Weston at Clinton.

Miss Margaret Ebner of Montoursville is the guest of the West Side parsonage.

ENEMY DISEASE MAKES ADVANCE DURING WEEK

Secretary Gaulin of the Board of Health had a big time keeping even with Old Man Disease last week but finally succeeded in landing a fifty-fifty break. The rotund guardian of the public health released six cases from quarantine during the week but was forced to tack up just that many more new signs.

Four cases of chicken pox and two of whooping cough were pronounced fit to mingle with society in general, the quarantine cards removed, while the new cases were whooping cough, five, and scarlet fever, one.

Third and Fourth Wards Without Disease

There are at present fourteen cases of communicable diseases under quarantine in the town, with the Third and Fourth Ward, each showing clean bills of health. The First Ward has seven cases of whooping cough while the Second Ward has four cases of whooping cough and one each of diphtheria, scarlet fever and chicken pox.

PREMATURE EXPLOSION KILLS MINER

Greensburg, Pa., July 29.—One man was killed and several others seriously injured by a premature explosion at the mine of the Donnelly & Kavole Coal Company at Marguerite, a mining hamlet twelve miles from here. The dead man is Joseph Dinsky, aged 21. His father, August Dinsky, aged 63, is also in a serious condition.

Miss Alice Edwards of Merrill street, is spending some time with friends in Glen Richey.

PRODUCTION RECORD ON 4-IN. SEWER PIPE BROKEN YESTERDAY

Over 10 Thousand Feet
Of First Grade Pipe
Pressed By Vic. Jones
On One Machine.

NEARLY TWO MILES

The Clearfield Sewer Pipe Works is about the largest sewer pipe making concern in the county and as is to be expected, the operating organization is in keeping with the size and importance of the plant, while the workmen employed are also the most expert to be found anywhere in the clay working business.

That being so, and it is so, the general public will take satisfaction in knowing that the world's record for sewer pipe making was broken at the plant yesterday when more than two miles of four inch terra cotta sewer pipe were turned out on one machine for the day's work.

At the end of this "perfect day" when General Manager Sam Warner and Supt. Browne checked up on their output for the day they found they had manufactured and on hand as perfect specimens no less than 5056 sections of four inch, and as each section is two feet in length, if placed end to end the line would reach almost two miles.

In addition to the officials mentioned. Inside Foreman W. S. Jones superintended the actual production while his son Victor Jones was the presser.

COMMUNITY PARTIES A SUCCESS IN EAST END AND REEDSVILLE

Any one who doubts the possibility of a real community party in Clearfield should have taken a look at the East End playground on Thursday night or Reedsville on Friday, both being genuinely happy, sociable affairs. Quite the feature of both were the Italian Band men who were more than kind in giving their services. After supper at East End, all the apparatus was in use with pick up games in basket, volley ball, quoits and slide, giant stride and sea-saws going busily. After dark the three large bonfires were lighted and toasted marshmallows, (donated) and ice cream cones percolated through the crowd in tune to the music.

The Reedsville party moved off with a real live volley ball game. Fire company No. 2 is in good practice, winning three straight, but No. 1's score grew each time so the outcome next time is not so sure. Then the band arrived—games and music started while a few wise ones broached the ice cream freezer. A couple of square dance musicians were on the job and presently sets were tripping it lightly on the sod.

Over 300 were in attendance at each celebration which proves that communities and Community Service makes a team.

NO TRUTH IN STORY OF LOST U-BOATS SAYS NAVAL BASE

San Francisco, Cal., July 29.—Naval headquarters were advised today by W. S. Miller of the Los Angeles submarine base, that there was nothing to a report that four submarines are missing off Lower California. A radio message from the Beaver which was escorting twelve submarines from the Pacific coast to Hampton Roads, was picked up and led to rumors that the subs were in trouble. The radio message was declared to be mere routine.

Franklin Starr, 14 Years
Old, Victim Of Odd
Accident Near N. Y. C.
Depot At Mahaffey.

DIED ON THE TRAIN

Franklin, the 14 year-old son, of Mr. and Mrs. Jack Starr, of Mahaffey, died on the New York Central train at Clearfield Junction yesterday afternoon, the victim of a most peculiar and distressing accident which occurred at the New York Central railroad station at Mahaffey earlier in the afternoon.

A car of brick was being unloaded those engaged in the work utilizing an auto truck to haul the brick from the car to the place where they were being used. The Starr boy was at the car and standing in the door when the truck departed with a load of brick. As the truck started the rear end caught the car door and pulled it shut with great force and so quickly the boy could not escape. His head was caught and crushed between the door and the side of the car. A nail protruding from the door was forced through his skull penetrating the brain.

The door was hurriedly moved back and the terribly injured boy released. Medical aid was summoned and it was seen there was practically no hope of his recovery.

About this time the afternoon passenger train on the New York Central came along and the boy was placed in the baggage car and started for the Clearfield Hospital in the hope that he could be got there in time to have something done for him. The effort was unavailing however and death ensued as the Clearfield Junction was reached.

Word had been telephoned ahead to the hospital, but as about all the local doctors were out of town attending the West Branch Medical Association meeting at Lock Haven, Dr. Peterman met the train. He sed the pulmotor on the lad in the hope of being able to revive him but it was of no avail, life had indeed fled.

Franklin Starr was a bright manly lad, a general favorite among his playmates and neighbors and his untimely death has caused universal sadness in Mahaffey. He is survived by his parents, a twin sister, and six other sisters and brothers.

CURWENSVILLE IS PLANNING SUNDAY SCHOOL FIELD DAY

Curwensville, Pa., July 29.—An assembly of delegates appointed by the various Sunday schools from District No. 2 met in the M. E. Church at Curwensville Tuesday evening, July 25th, 1922, to organize an association for Field Day.

The organization is to consist of all the Superintendents, Assistant Superintendents, two delegates from each school, and the pastors in charge of District No. 2. The following officers were elected: President, J. D. Haines; Vice President, H. P. Kirk; Secretary, Miss Mae Shively; Assistant Secretary, Miss Velda Houpt; Treasurer, Charles F. Young. Executive committee: E. C. Weber, J. O. Seese; Mrs. Ashley McDowell; Miss Margaret Eckbert; Dr. J. A. Miller; Rev. S. C. Watts; Rev. W. R. Jones.

The Field Day will be held in Irvin Park, Curwensville, Pa., on Thursday August 24th, 1922, and will be participated in by all the Sunday Schools in District No. 2, and also a general invitation will be issued to all Sunday Schools in Clearfield County. This is the first time that a Sunday School Field Day has been attempted in this

ODDS AND ENDS AND THINGS

By J. D. C.

Some people are prone to worry over times. A Universalist preacher out in Pottsville is throwing oratorical fits in his pulpit nightly because he says the present Pope of Rome's best friend is a Jewish rabbi.

A Second World fellow says one of his neighbors' recipe for brewing the most progressive beer he ever saw. Last evening this neighbor invited him over to try a bottle of his home brew. He set out a glass, pulled the cap off the bottle and quickly filled the glass. The beer kept foaming out of the bottle and the brewer reached for a second glass which he also filled while the beer flowed on. This was repeated until he had eight glasses lined up in a row on the table and finally had to use a convenient dish pan to hold the overflow from the one bottle.

The picturesque town of Cherry Tree, located on the headwaters of the beautiful but useless and polluted West Branch of the Susquehanna river, is getting ready to stage a Centennial celebration. The big time will last three days—August 3d, 4th and 5th, and great preparations are being made for the event.

Cherry Tree is one of the historic spots in Pennsylvania. It was originally known as "Canoe Place" because it marked the spot where William

Penn's emissary was forced to beach his canoe when on his mission of establishing the western boundary of "Penn's Woods". Under the agreement between "Quaker Bill" and the Indians, Penn's Courier was to travel up the West Branch in a canoe to the point where he could go no further by water and he should then make his way on foot thru the forest and the point reached at sundown on the evening of that day's travel would be the boundary line.

After beaching his canoe the nimble footed real estate grabber ambled swiftly up through Indiana county by Purchase Line to a point near Kittanning in Armstrong county.

One hundred years ago the settlement now Cherry Tree was made and the good citizens there now propose to commemorate that happening.

In the early day Cherry Tree was in the heart of a dense pine forest, which for many years furnished the chief industry of that section. Of late years the town has become an important railroad point and the center of a vast coal field. It always had a great future and its citizens with "promising" when speaking of the possibilities of the town. One fellow who had lived there and succeeded in getting away, wrote back from Chambersburg some forty years ago and this week's Cherry Tree News as a booster for the big show, published his letter dated Sept. 7, 1880. Here is a part of what he said:

"What a change from when I first settled among you and now. A few years ago people wearing long faces and the place as quiet as a graveyard at midnight, when one would not dare enter for fear of running astride of a phoe or some other supernatural phenomenon. Now, the long faces have grown shorter and present pleasant appearances and the quiet turned into a boom.

Visitors still flock to our town for a taste of "our healing waters," notwithstanding the late cool snap. Our well still flows on, and we have room for all. Just keep up the coming. The fall is the most beautiful part of the year to our thinking and no more delightful resort than Cherry Tree can be found in the State."

The old town was some town then, she is much more now. That same old artesian well is bubbling over with health-giving water as of yore.

THE OLD HOME TOWN — By Stanley

and thanks to Andy Volstead that is all there is to drink about the place. But don't let that keep you away from Cherry Tree, this will be a real celebration.

Shades of forty years ago. Here is a feature of the celebration. The News says "You will want to see the sawing and chopping contests. You woods scenes, will no doubt become who have never been acquainted with vastly interested. Log rolling will be another attraction that will hold the average person spell-bound. All those wishing to enter any or all of the above contests should send the names to V. Ord Tonkin Cherry Tree. There will be no limit in age and the material to be cut will be announced later.

What memories should such a con-

drunkenness than any other place in the community."

"Them were the good old days." Don't mis Cherry Tree's Centennial.

SAVED HIS OUTFIT AND IS READY TO DO EXPERT TUNING

Mr. Lynn G. Brenneman, who occupied one of the flats over the recently burned Pollack store has moved his household effects into the flat remodeled by Richard Cook on Market street.

Mr. Brenneman is an expert piano and player piano tuner. He not only is a tuner but can make repairs of any sort, having had several years experience in one of the largest piano factories in this country.

One of the first things that Mr. Brenneman saw when the fire was discovered in the Pollack Flats was that his piano working outfit was removed at once. This enables him to continue his work without interruption and he will be glad to hear from any piano owner in this city or the surrounding towns.

Surprised. "Heavens!" said the visiting golfer, "I never played such a rotten golf. Oh! Then you have played before?" asked the brave caddy.—Judge

NOTICE OF LETTING CONTRACT
For Lithographing of Bonds of Clearfield County

Notice is hereby given that bids will be received on Friday, August 11th, 1922, at 11 o'clock A. M., by the Controller of Clearfield County, for the printing of lithograph bonds of Clearfield County, issue of Three Hundred Twenty-five Thousand (\$325,000) Dollars, Road Bonds of series 1922.

These bonds are three hundred and twenty-five in number, are numbered consecutively from 1 to 325 both inclusive. The bonds are coupon bonds and appropriate interest coupons must be attached, which coupons must also be lithographed. The form of coupon to be used is on file in the Commissioners' Office in and for said county and will be furnished to prospective bidders upon application.

All bids must be sealed and marked on the outside of the envelope containing bid with the words, "Proposal for Lithographing Road Bonds." Bids will be opened by the County Commissioners of Clearfield County at 11 o'clock A. M. Friday, August 11th, 1922, and contracts awarded to the lowest responsible bidder; all bids must state time within which lithographed bonds will be delivered.

The County Commissioners reserve the right to reject any and all bids.

NOTICE TO CONTRACTORS
Sealed proposals giving lump sum price accompanied by receipt for certified check in the sum of One Thousand Dollars (\$1000.00) will be received by the Board of Commissioners of Public Grounds and Buildings at the office of the Superintendent, Capitol Building, Harrisburg, Pa., until 12 o'clock noon, Tuesday, August 8th, 1922, for the reconstruction complete and repairs to the abutments and piers, and the necessary work in connection with the approaches, of a bridge over the West Branch of the Susquehanna River near Mowrie on the New York Central Railroad (River Division) known as the Rolling Stone Bridge, between the Townships of Covington and Cooper in Clearfield County, Penna.

Parties desiring copies of drawings, can obtain same by depositing Ten Dollars (\$10.00) which will be refunded upon return of the plans and specifications in good order.

Proposals must be made out upon blanks furnished by the Commonwealth of Pennsylvania. All blanks must be properly filled in and no change in phrasing shall be made. Bidders must make satisfactory arrangements for the materials they propose to use, to be delivered uninterruptedly in such quantities as to complete the work within the term of the contract. Delay in receiving materials for the work will not be accepted as a reasonable excuse for non-completion of the contract according to the terms thereof.

The Board of Commissioners of Public Grounds and Buildings reserve the right to reject any and all bids.

The words "PROPOSAL ROLLING STONE BRIDGE" must be plainly marked on the outside cover of all proposals.

The State Treasurer's Department, of the Commonwealth of Pennsylvania will furnish receipt to be enclosed with the bids for all checks deposited with the State Treasurer for such purpose prior to ten o'clock A. M. Tuesday, August 8th, 1922.

By order of the Board of Commissioners of Public Grounds and Buildings of the Commonwealth of Pennsylvania.
T. W. TEMPLETON,
Superintendent
SAMUEL B. RAMBO,
Secretary to Board.

BIDS WANTED
Bids will be received by the Boggs Township School Board until Monday August 7, for furnishing coal to Blue Ball school for the ensuing term (8 months) of school, beginning about Sept. 1st.
Bids to be for furnishing good coal delivered into the building with price for net ton.
Also for furnishing coal and kindling to Oak Corner, Center Spring Valley, Bethlehem, Stoneville and Eagle Eye schools, at so much per school. The Board reserves the right to reject or accept any or all bids. Address bids to T. L. Wall, Secretary Grampian, Pa., or West Decatur, Pa. 7/15-22-29 ch

Bits of Information.
The phrase, "a feather in his cap," originated in an old custom in Hungary, which forbade any one to wear a feather in his cap unless he had killed a Turk.

The hotly contested game between the Red Men and Reedsville was called "squawp jo juncow up po game will be played off some time on Tuesday while doing some fast work Hillsdale ran their machine into a bump of "Yinnumac Elbbanqs".

They reported two blow outs, gear shifts out of commission, a broken axle, and all together a pretty badly wrecked machine and would not be able to finish the race.

A bunch of young huskies up Reedsville way, who will be known as the Reedsville Independents promptly cranked up and filled the breach made by Hillsdale's accident. They will make their bow to the public Wednesday evening on the Reedsville ground, when they cross bats with the fair Red Men's team.

POLICE HUNT WOMAN WHO SLEW RIVAL
Greensburg, Pa., July 29.—State Police today searched for Mrs. Steve Stanilla who is charged with killing Mrs. Joseph Bonetti, in a public street at Jacobs Station, a mining town near here. Mrs. Stanilla is said to have accused Mrs. Bonetti of being a rival for her husband's love.

Old Sores, Piles, Burns and Scalds Heal Very Quickly

Your local druggist sells an ointment called San Cura that surely does do anything it is advertised to do or money back.

Thos. F. McCauley, Cooperstown, Pa., cut his finger; blood poison set in; arm swelled terribly; friends despaired; said arm must come off. San Cura Ointment drew out water and dark pus; agony ceased; arm and hand soon as good as ever.

It quickly draws out poison from sores, fever sores, ulcers, boils, carbuncles, cuts, burns, scalds and bruises.

For itching, bleeding or protruding piles, it has received the highest endorsements, while innumerable cases are cured. It is a better and safer remedy than any other in the market possible time. San Cura Ointment is 50c per oz and \$1.50 at all Drug Stores.

CHURCHES

WEST SIDE M. E. CHURCH

W. L. Armstrong, pastor

POLITICAL TREND WILL BE SHOWN IN WEEK'S ELECTIONS

Washington, D. C. July 29.—The political trend in the country during the last month when the nation faced a crisis on account of the rail and coal strikes will be revealed next week when several states hold primaries. Kansas, Missouri, Oklahoma, Virginia and West Virginia will vote on Tuesday, Tennessee on Thursday and Kentucky on Saturday. The following week primaries will be held in three more states including that state to which all eyes always turn Ohio. The other two states are Alabama and Arkansas.

Rev. D. B. Wilson, wife and daughter Gladys and son Frank, of Fairgrove, Mich., motored here to spend some time with his sister Mrs. C. H. Graham on Dorey street.

Women Chief Retail Buyers.
It is estimated that two-thirds of the retail buying in the United States is done by women.

FIGURES ARE DECEIVING

Some member of the "Round Numbers and End to Endless Club" has compiled an interesting set of figures to show how much a woman's work comes to in the ordinary round of 30 years of household duties.

At the end of 30 years of married life, we learn, the average woman has served 500,000 meals. She has put up more than 3,000 jars of preserves; made 32,850 beds; swept more than a million square yards of floor space, and dusted furniture enough to fill several warehouses. The time devoted to sweeping and dusting and scrubbing is to be estimated at not less than 35,000 hours.

For this particular statistician these figures lead to the query: "And what has she accomplished after all this labor? Is she even permitted to retire with a pension after all this work?" As a matter of fact it is probably true that most women could not be tempted to retire at the end of 30 years of household work, and if they were pensioned they would want to be given something else to keep them busy. In which respect they are like most men.

But in the matter of figures it must be remembered that these things are meaningful only by comparison. Formidable as woman's household duties look when thus totalled over a period of years, the numbers look less imposing when compared to other similar figures. At the rate of 1,600 bricks a day for 300 days a year a bricklayer will lay 11,000,000 bricks in 30 years. The number of miles covered by a postman in his daily round over a period of 30 years would probably make our feet ache from the very reading of it.

This sort of game has infinite possibilities. We might take the case of an elevator girl in a 29-story building. How certain the number of trips she makes a day, the number of days in a year for 30 years. Calculate these trips in number of feet traveled upward; reduced to number of miles, and for a period of 30 years the total distance traveled upward, less than 35,000 miles. It is only because the elevator is the slowest one in the world. And there is no such elevator. And figures are deceiving.

EXPERT FINANCING

It is encouraging to individual taxpayers to note the steady progress being made in reducing the expenditures of the federal government and stabilizing the country's financial affairs. Ordinary expenditures of the government during the last fiscal year were \$1,383,000,000 less than the preceding year, while public debt disbursements fell off \$2,131,000,000. These changes were due not alone to the policy of economy which is being practiced by the present administration, but a goodly share of the saving is to be credited to treasury operations in accord with the best business principles, something which not always has characterized the government's fiscal affairs. Nor are all the benefits of these operations yet apparent.

Interest on the public debt in the last fiscal year declined by \$9,000,000. When the record for the current period is made up a year hence the effects of Secretary Mellon's financing and refunding operations will be more widely felt. More than four and three-fourth billions of certificates of Liberty Bonds and Victory Notes. There will be a sharp cut of interest rate on one issue of Victory Notes in December, and the rate on short term indebtedness has been steadily pared by the secretary. Furthermore, there has been an aggregate of \$107,000,000 national bank and federal reserve notes retired, not an insignificant item in the process of currency deflation.

The results of all these things will be reflected in the greater ease with which general business will be conducted. And as a consequence of the common improvement there should be more business, more employment and a still more expansive general prosperity.

LESSON FOR JULY 30

THE FIRST RETURN FROM EXILE

LEADON TEXT—Jer. 29:10-14, Ezra 1:1-11

LEADON TEXT—We know that all our work is either for good to them that love God—Romans 8:28.

REFERENCE MATERIAL—Psalms 86, 137, 138, Jer. 29

REVIEW TOPIC—God's People Return Home

JUNIOR TOPIC—How God Kept a Great Promise

INTERMEDIATE AND SENIOR TOPIC—How God Kept a Great Promise

ADULT TOPIC—Striking Manifestations of God's Providence

1. The Return From Captivity Predicted (29:10-11).

It seems that false prophets were flourishing in Babylon telling the people that they would speedily be restored to their own land. To counteract this the Lord moved Jeremiah to send this letter to the captives in Babylon (vv. 8, 9). In this letter he advised them to settle down and quietly pursue their regular callings of life and not to be led astray by the false prophets (vv. 6, 7).

2. Recovered by God (vv. 10-14). God's purpose in the captivity was to cure them of their idolatrous practices. He assured them that when His purpose was accomplished He would visit them and convince them of His good purpose toward them. When once this was done they would call upon Him in sincerity and He would be found of them. Their captivity He would turn away, gather them from all the nations and bring them into their own land.

3. Prediction of Captivity Fulfilled (Ezra 1:1-11).

1. The proclamation of Cyrus (vv. 1-4). (1) This was not by accident, but that the word of the Lord might be fulfilled (v. 1). What God has promised He will do; He never gets. Whenever we find a promise which He hath made we can rest upon it. He will make good. (2) By divine institution (v. 1). "The Lord stirred up the spirit of Cyrus." How this was done we do not know. Possibly Daniel brought to his attention the prophecy of Isaiah and Jeremiah (Isa. 44:28; Jer. 25:12). Every impulse to do good in all men is caused by the Lord—even a heathen king who may not have been conscious of doing His will, at God's appointed time took the initiative in this matter. It may have been that Cyrus only saw his own action as a matter of statecraft—the creation of a buffer state nation between his kingdom and that of Egypt. Be that as it may, God stirred him up to do His will. (3) The content of His proclamation (vv. 2-4). (a) "The Lord God of heaven hath changed me to build Him a house in Jerusalem" (v. 2). This is the first time that he had some impression of God's hand upon him. (b) Appeal to Jewish patriotism (v. 3). He reminds them of their national spirit and that they were not anxious to go. All such were to lend friendly assistance in silver, gold and beasts. Those who cannot go to do God's work should strengthen the hands of those who do go.

2. The response of Cyrus' proclamation (vv. 5-6). The chief of the fathers of Judah and Benjamin and the priests and Levites presented themselves as willing and ready to go. The company which returned was largely made up of representatives of Judah and Benjamin.

3. The royal favor (vv. 7-11). Cyrus brought forth the vessels of the house of the Lord which Nebuchadnezzar had brought forth out of Jerusalem and put into the house of his gods. This was a great encouragement to every loyal Jew whose heart had been grieved over the profanation of these sacred vessels. Now to have 5,400 of the vessels returned to their owners and sent back to Jerusalem to be put to their original use, met a hearty response by the Jews.

Who Knoweth the Lord's Mind. He that is spiritual judgeth all things yet he himself is judged of no man. For who hath known the mind of the Lord, that he may instruct him?—1 Corinthians, 2:15, 16.

Perseverance is Necessary. Few things are impossible in them selves. It is not so much means, as perseverance, that is wanting to bring them to a successful issue.—Boettcher.

Godliness. Godliness consists not in a heart to attend to no will of God but in a heart to do it.—Jonathan Edwards.

Enemies Discover Your Faults. Give your enemies for they first find out your faults.—Anti-thesis.

Mirror Cleanser. A soft cloth dipped in spirits of camphor is effective in cleaning a green mirror.

PROBLEMS OF LOCOMOTION!

TODAY'S STOCKS

New York N. Y., July 29.—Railroad stocks displayed some buoyancy over the prospect of a settlement of the strike next week, but trading soon settled down into a narrow ring. Continued selling of Studebaker and a new low for the German mark failed to shake off the lethargy from the 57 3-8; Crucible Steel, 88 3-4; General Motors 13 3-4; Lehigh Valley, 65 1-2; Ist as a whole. About the only noteworthy features in the trading were a

new high for the year for Continental Steel, 35 3-4; Pennsylvania, 47 1-8; Sinclair Oil 31 1-2; Studebaker, 128 1-2; Texas Co. 46 1-2 U. S. Rubber, 59 5-8; U. S. Steel, 101; Wills Overland, 8 1-8; Call money 2 1-2.

New York, N. Y., July 29.—American Locomotive, 118 1-2; American Sumatra Tobacco, 37 7-8; Baldwin Loco. 119 1-2; Baltimore & Ohio, 57 3-8; Crucible Steel, 88 3-4; General Motors 13 3-4; Lehigh Valley, 65 1-2; Middle States Oil, 12 3-4; Midvale

Liberty 3 1-2's, \$100.94; Liberty 1st 4 1-4's \$100.54 Liberty 2nd 4 1-4's, \$100.70; Liberty 3rd 4 1-4's \$100.56; Liberty 4th, 4 1-4's \$101.44, Victory 4 3-4's \$100.46.

EAST END VS. MACHINE SHOPS

Last night's Horse Shoe game settled the fate of two more teams in the Community Service tournament. The pitching was on the Machine Shop Courts, with the following teams and scores.

Darger and Spackman	16 6 18
O'Donnell and Hixon	21 21 21
Flegal and Flegal	21 21 21
Bollinger and Hudson	18 18 10

This leaves East End and the Machine Shop still in the ring.

Her Other Child. The child of necessity most of us are acquainted with is not invention but economy.—Boston Transcript.

The New Series 6-66 Perfected Chassis

The new Series Paige 6-66 Models are now ready for your inspection. We offer them as the most distinguished group of Motor Cars in the entire six cylinder field. No cars have ever won greater or more consistent endorsement from the motoring public. But now comes the final touch of Paige craftsmanship—the careful, painstaking, refining process which results in a perfected product.

So far as beauty of design and appointment are concerned, we leave that to your own eyes. Just now, we ask you to consider very briefly a chassis of one hundred point strength and efficiency.

The Motor

In every fundamental detail this great 70 horsepower engine remains unchanged. Two years of heroic service have failed to reveal a single weakness at any speeds or under any driving conditions. But many refinements and improvements of detail have brought the power plant close to perfection. The 6-66 now possesses the flexibility of an electric.

The Frame

The specially designed frame of the 6-66 has been still further reinforced by two additional cross members. This construction assures a frame of utmost stiffness and practically eliminates all possibility of weaving. It means giant strength where strength is an essential requirement.

The Clutch

The New Series 6-66 is equipped with a new type clutch—the greatest single advance ever made in clutch development. It is now actually possible to change from high to second speed when the car is traveling at 30 or 35 miles per hour. Never before has such smooth, velvety action been dreamed of.

The Transmission

A new and highly efficient transmission makes gear changing a delight. Here Paige engineers have secured the combination of vast strength and amazing quietness. One finger on the lever and the gentlest of pressure is all that is necessary for immediate action.

Universal Joints

Here is a splendid improvement—Universals that are permanently lubricated. No parts are harder to get at and no parts need more consistent oiling. In these sturdy, yet flexible joints, there is a complete solution of the problem, for they retain their lubricant tightly sealed against dust and grime.

Snubbers

Long 61-inch springs are a sufficient guarantee of smooth, easy riding qualities but when these are supplemented by snubbers you can imagine the result. No words can quite describe how the New Series 6-66 rides. But you can thank perfect distribution of weight, the unusually long springs and snubbing.

The Axles

Both front and rear axles are Paige-Timkens with all that this combination implies. There could be no finer construction—no better example of skilled workmanship and highly tested metal. Front and rear, the Paige 6-66 carries the best axles that money can buy.

Such, very briefly, is the perfected chassis of the New Series 6-66 Models. It is one great union of strength and efficiency—a true Masterpiece of Mechanical Engineering. It promises not only a newer, finer conception of Motoring, but years of full vigorous life on the highway. We suggest that you see it today.

INTERESTING PICTORIAL NEWS

TYPICAL FLAPPERS. You're often heard 'em called that, but did you ever really understand what it meant? This will straighten you out. It's a picture of a flapper, 100 per cent, from head to foot. Thirteen qualifications. Count 'em: No. 1, hat of soft silk or felt; No. 2, bobbed hair; No. 3, flapper curl on forehead; No. 4, flapper collar; No. 5, flapper earrings; No. 6, slip-over sweater; No. 7, flapper beads; No. 8, metallic belt; No. 9, bracelet of strung jet; No. 10, knee length flimsy shirt; No. 11, exposed, bare knees; No. 12, rolled hose with fancy garter; No. 13, flat heeled, little girl sandals.

MEDAL FOR BOY HERO. Minneapolis, Minn., folks are seeking a Carnegie award for 13-year-old Philip Hanco (below), who dashed into the traffic and rescued 3-year old Dorothy Zollinski (above) from under the wheels of a speeding auto. Philip was run over himself, and an arm broken.

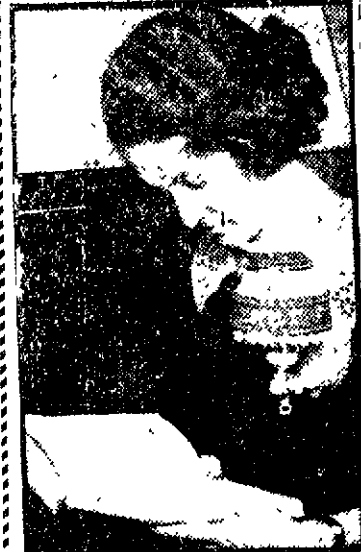

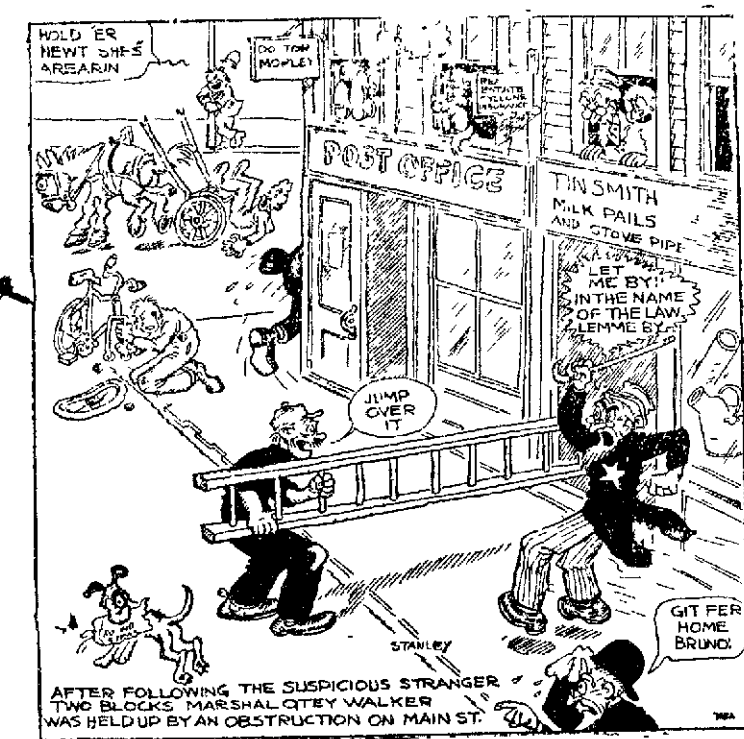

STRIKEBREAKERS, BEWARE. That's the message mine strike sympathizers left in West Virginia in this effigy that by night was mounted on a tree stump, close to one of the mines where strikebreakers were being employed. State troopers tore it down.

PIED PIPERS OF CINCINNATI. Their pipes were waterpipes and the pipers were city firemen, called out by residents near one of the city dumps who protested against countless rats. Powerful streams from fire hose did the business, hundreds of rats being driven out and other men dressed drowned.

HERE'S A HUNCH FOR OUR TOWN. Phoenix, Ariz., auto salesmen challenged Tucson, Ariz., auto salesmen to a street-sweeping contest. This shows 'em brooming. The speed and efficiency they displayed was amazing. Now, if some kind soul would only originate such a contest in our town, we might—but, oh, well why such useless hopes?

CARRY LIGHT WITH YOU. That's the latest. The "wear-em" lamp was introduced to light up mother's sewing or dad's newspaper, but think how it would lighten the chaperone's worries if she would wear it when she entertains her beau on the dark front porch.

WHAT'S A FIVE-STORY FALL? Bettie Kan Harter, 3, of New Castle, Ind., did it, and wasn't even knocked unconscious. Not even a bone was broken. In two hours she was playing again around the yard. Bettie opened the screen window and tumbled out when her mother wasn't looking.

OLDEST BARBER. He's Albert Schultz, Cincinnati, O., and he's kept shop at the same stand for 52 years. This shows him shaving R. Steinmann, who was his first customer and who has been coming regularly since for more than half a century. "Bobbed hair new," it is said, says he. "Girls were having it bobbed in 1870."

PAPER-WAD SHOOTERS, AHOY! Here's good news for the opening of school. A. R. Brown of Louisville, Ky., has invented this paper-wad machine gun, which, by merely turning a crank, shoots 90 to 100 wads quicker'n a cat. Oh, teachers! This boy is demonstrating it.

HOLD 'ER, NEWT; SHE'S A-RARIN'. Ed Purcell, one of the star performers at the Fort Klamath, Ore., roundup, tried to ride Rocker P. Paul, a notorious "bad horse." Rocker turned a somersault, and—Purcell didn't waste any time in making tracks. He was caught under the horse's hips, but only slightly injured.

SHADES OF TOM SAWYER! Here's one Mark Twain overlooked. It's the only log-propelled "steamboat" in captivity. Carl Knechtler, skipper and crew of this novel craft on the lower Ohio River, sits on the rear and propels the stern wheel with his feet. Notice the cabin, and the "wheel-house," too.

BUY TIMS IN WEST VIRGINIA. It shows mine strikers questioning residents of a West Virginia mining town in the constant rounding up of suspects connected with attacks that are being made daily by mine strike sympathizers on mine properties at which strikebreakers are employed.

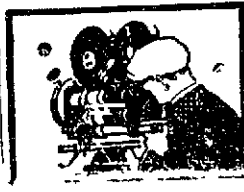

THIS WAS SOME BLOWOUT. It shows one of the "among those present" when a windstorm hit Phoenix, Arizona. The roof of the Seventh Avenue Hotel, shown here, was lifted up bodily by the blast, twisted into a hundred pieces and dropped hither-yeller back over the hotel and the surrounding streets. Every person sleeping in the hotel at the time escaped injury.

ONE-OUNCE BATHING SUIT. That's it, shown above, draped around Peggy Schott. It won a prize for Peggy at a recent bathing parade at San Diego, Cal. But that wasn't all that Peggy wore, of course. She wore a smile.

THRESHING MACHINE EXPLODES. One man was killed and five others injured when the blast came on a farm near Dayton, O. The machine was picked up and turned completely over. Parts of the engine, weighing 200 pounds, were found 600 feet from the blast. All of which makes aviators shake their heads in horror and comment once more on the dangers of living on old Mother Earth.

WORLD CHORUS CRIES OUT TODAY "NO MORE WAR"

A world chorus raising the cry "No More War" in ten different languages, from the people of fourteen nations, will today greet the eighth anniversary of the outbreak of the great war.

By radio, wire and mail the people of the world will send messages and petitions to their Governments demanding active work for world peace.

Hundreds of thousands of posters bearing the three words "No More War" will be posted simultaneously throughout this country, as a part of the demonstration organized in the United States by the National Council for Reduction of Armaments, from its headquarters in Washington.

The object of these "No More War" demonstrations, which began in three cities of Europe two years ago, and are this year encircling the globe, is, according to the National Council.

"To assert the simple and overwhelming determination of the people that there shall be no more war."

The week-end preceding the actual anniversary has been chosen for the demonstration which in Europe will take the form of processions and mass meetings, and in this country will vary from one community to another.

Through the local branches of the 42 national organizations forming the National Council for Reduction of Armaments, state wide demonstrations have been arranged in Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, Maine, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, New Hampshire, New Jersey, New Mexico, New York, Ohio, Oregon, Oklahoma, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Vermont, Virginia, West Virginia and Wisconsin.

Among the organizations most active in the "No More War" demonstrations are the National League of Women Voters, National Council of Jewish Women, Y. W. C. A., W. C. T. U., the Business and Professional Union League, Women's International League for Peace and Freedom, the Congress of Mothers and Parent Teachers Association, the Association of Ex-Military Reconstruction Aides and the state branches of the National Council.

Large cities will hold special demonstrations and the following Pennsylvania meetings will be held:

General Federation, Pittsburgh; Philadelphia, Newtown, Fishertown, Lansdowne, Germantown, Millville, Chester, Titusville, Wilmerding, West Grove, Washington, Buckhill Falls, West Chester, Swathmore (Chautauqua Assisting) New Castle, Hanover, Oil City, W. Va., Westtown, DuBois, Reading, Media, Peach Bottom, Oxford, Huntingdon, Coatesville, Grampian.

GREENWALT

Thomas Wilson Greenwalt was born in Clarion County, Pa., on August 23, 1844, and died at Clearfield, Thursday July 27, 1922, being aged 77 years, 11 months and 4 days. He is survived by his aged widow, two sons, and two daughters, as follows: Mrs. Mary Rishell, Richard, James and Evelyn Greenwalt, all of Clearfield. He is also survived by three brothers and one sister, viz: Samuel, Jeremiah and George Greenwalt, of Sligo, Pa., and Mrs. William Silvis, of East Brady, Pa.

The funeral will be held from his late home at 809 South Seventh Street Sunday afternoon at 2 o'clock. (East Brady Papers Please Copy)

ASK RECEIVER FOR CEREAL FIRM IN WESTMORELAND

Pittsburgh, Pa., July 28.—The Real Estate Trust Company was named receiver of the Jersey Cereal Food Company, of Cereal, Westmoreland county, Pa., in federal court here today. Creditors and the company joined in the request for a receiver.

Assets, the petition stated, were more than \$1,000,000, and the company is solvent, but a receiver was asked in order to straighten out the affairs of the concern.

George Greenwalt, of Sligo, Pa., Mr. and Mrs. William Silvis and grandson James, of East Brady are here to attend the funeral of the late Thomas W. Greenwalt.

Blanche Butler had her adenoids and tonsils removed by Dr. Yeane on Thursday, July 27 and is at her home in Mt. Joy getting along nicely. Mrs. J. F. Johnson and son of Jordan Township are visiting with her parents Mr. and Mrs. J. G. Smith on River street.

W. F. FREDERICK PIANO CO. THRIFT CLUB

This Is An Opportunity That Deserves Your Immediate Consideration

—THE PLAN—

Briefly, we have arranged to form a Club for thrifty piano buyers. We will supply the members with one of these famous Pianos, Player-Pianos or Baby Grand Pianos from our regular stocks. We will allow each member three years to complete their payments and we will protect each member in case of illness, sickness or non-employment. We will assume all risk in case of fire; we will fully guarantee every instrument ten years. We will allow you six months to exchange the instrument if you think you would prefer something else. Surely no better opportunity could ever be secured for an intelligent purchase of a piano or a player-piano.

—LIMITED MEMBERSHIP—

Naturally, because of the unusual advantages offered, we must limit the number of instruments to be sold under this Plan. No matter what your taste may be, this Club can supply your wants. Only Members will be allowed the advantages of these special prices and conditions. As soon as the allotted instruments are sold, the Club will close. This is an opportunity that thrifty buyers will gratefully remember.

—THE PURPOSE—

The purpose of this Club is to apply common sense—thrift and economy—to piano buying. Music is a necessity. It is as necessary for happiness as food, shelter and raiment. Every general in the World War knew this to be a fact. It was the singing soldiers who won the battles. It is the musical families who win life's battles.

An intelligent purchase of a musical instrument is a thrifty thing. Music encourages thrift. The object of thrift is happiness, and where there is music there is happiness. Music stimulates family morale; it makes the home more attractive, there is less temptation to seek amusement and entertainment elsewhere. Thrifty, intelligent families have music in their homes. This opportunity is for thrifty families.

AN UNUSUAL OPPORTUNITY FOR THRIFTY BUYERS

YOU SECURE A WELL-KNOWN STANDARD INSTRUMENT—a famous piano of proven merit. One of our well-known lines which have won a place in thousands of homes for over two generations.

YOU HAVE THREE YEARS TO PAY—you do not have to pay the entire amount at the time of purchase—you may spread the payments over a period of three years.

YOU HAVE 6 MONTHS TO EXCHANGE IT—if for any reason you want another instrument than the one you selected, we will make an even exchange for you any time within six months, applying all payments at full value.

YOU RECEIVE A 10-YEAR GUARANTEE with any piano or player-piano bought through this Club.

YOU ARE PROTECTED IN CASE OF SICKNESS, INJURY OR NON-EMPLOYMENT—we will allow you to make half payments if necessary.

YOUR FAMILY IS PROTECTED IN CASE OF YOUR DEATH—we will release them from further payments and give them a receipt in full at once.

YOU ARE PROTECTED IN CASE OF FIRE—we will replace the instrument or repair it to your entire satisfaction.

YOU RECEIVE TWELVE MONTHS' FREE REPAIR SERVICE—any necessary regulations or adjustments will be made free without charge within twelve months from date of delivery.

YOU RECEIVE SPECIAL EQUIPMENT WITH THE INSTRUMENT—for details, read our newspaper advertisements.

YOUR INSTRUMENT WILL BE DELIVERED FREE—to any point within 50 miles of our store. To points beyond, freight charges will be added.

YOU PARTAKE IN A REMARKABLE PIANO-BUYING OPPORTUNITY—you make a good, safe investment in an article that will make your home more attractive and bring you real educational value, wholesome entertainment and genuine happiness.

YOU WILL BE PRACTICING "COMMON-SENSE" THRIFT.

Player Pianos—Grand Pianos—Upright Pianos

These pianos offered to members of this Thrift Club are nationally known instruments.

They are one of the celebrated lines handled by us for many years. People of two generations have bought and used these pianos and have found them to be of the highest possible merit.

In style and design they are rich and artistic. The workmanship and material are of the highest grade. Durability is one of the qualities for which these pianos are particularly known. You will find the action and touch very sensitive and responsive. And best of all the tone is full, round and pure. This, of course, is due to their superior construction.

The resulting tone quality far surpasses that of the average piano.

These pianos are very beautiful in design and are instruments that any home may be proud to own.

Membership Fee \$1.00

The cost of a Club Membership is a mere trifle. One Dollar (\$1.00) will secure these opportunities for you. Merely fill out the Application Blank and bring or send it to our store with your \$1.00 membership fee. If your application is accepted you will receive a properly signed Membership Certificate which will entitle you to every Club advantage. This surely is an opportunity of a lifetime.

You should fill out the Application and bring or send it in at once.

APPLICATION FOR MEMBERSHIP

Gentlemen:—

Date, 192....

Please enter my application for membership in your THRIFT CLUB.

I herewith pay you the membership fee of One Dollar (\$1.00), which, if my application is accepted, will entitle me to a full membership in your Thrift Club, together with all the Club advantages if I select a Thrift Club piano or player-piano at your store after my application is accepted, it being distinctly understood that if my application is rejected or if I decide not to make a selection, the membership fee will be refunded.

pastor. Also service in the evening at 7:30.

Bible study on Wednesday evening at 7:30.

All are cordially invited.

GARLAND, HEIR TO MILLIONS, SENDS MINERS PITTANCE

New York, N. Y., July 29.—The first donation from the \$900,000 fund for the benefit of mankind, established by Charles Garland, who once refused a one million dollar legacy, is on its way to help the striking miners in the Western Pennsylvania coal fields, according to an announcement made after a meeting of the board of directors of the above organization. The directors in Garland's presence set aside \$2,000 for the miners. Garland, who recently came into publicity because of his peculiar views on money and marriage outlined his views and wishes to the directors as follows: It is my desire that the money be turned over to individuals and groups of individuals who shall be trusted to use it for the benefit of mankind, so called criminals as well as the uncondemned.

HAVE YOU BEEN VICTIMIZED AT CHESTER HILL?

The Phillipsburg Commercial Club and the Clearfield Commercial Club both have the public welfare as well as the individual well-being at heart and for that reason have instituted the campaign to bring proper attention to those who may unduly abuse their authority. It is to be clearly understood that these organizations in no way condense speeding automobiles thru boxes or reckless driving anywhere and where these conditions have existed no effort will be made by these clubs to protect the guilty. They do want information from anyone who has been unjustly accused of breaking the law at Chester Hill near Phillipsburg.

Don't neglect that cough. Wagon's Glycerole or Tar and Wild Cherry will give relief without harmful dose or alcohol. 25c and 50c.

Phillipsburg and wish to acknowledge in this way receipt of information of this kind up to this time. So many have written that it is almost impossible to acknowledge them individually. Their attorneys are weighing the evidence submitted and advising the proper action to pursue. If you have been "victimized," write to the President of the Clearfield Commercial Club and state your case.

Their efforts have already been rewarded by the speed trap being removed to a point where the self-respecting, law-abiding auto driver, of which we know there are still quite a number, will have a fair chance.

VICIOUS DOG FALLS AT BANK OF MAC'S GUN

A vicious dog belonging to a Wills Addition colored man attacked and severely bit a little girl, the daughter of Mr. and Mrs. William Mahoney of East End.

The little girl was bitten about 6 o'clock last evening. "Col. Max" Kuhn the "dog pest" was notified at once and went gunning for the dog. When "Col. Max" gets after a dog it's all off and when this dog saw "old pest" and death approaching, he like Davy Crockett's coon, gave one last fond look at the scenes of his childhood, then turned with a tear in his eye and announced as plainly as he could, "Col. Max, I am here, do your worst."

"Col. Max" did his very best and one shot from his trusty six gun sent the vicious cat to dog heaven, much to the joy of the children who live in that section.

Cherrytree Will

Continued from Page One

The following family names: Camp, Kinpoint, McCormick, Clark, M. Green, Haines, Brubaker, McKeague, Nott, Pitts, Schring, Douglas, Brangley, Greening, Knepper, Shiff, Comm, Boring, John, Brubaker, Moore, Baker, Wissing, Brackley, Clawson, Books, Beyer, King, Lovelace, Wilson, Patric, P. H. H. Mahaffey, Conklin, Sechler, Breth, Reel, Ginter, Nugent, Hadden and others. Their descendants still live there—a hospitable people, an intelligent and law abiding community.

The Monument

An Act making an appropriation to mark the point known as Cherry Tree or Canoe Place was enacted in 1893 and approved by Robert E. Pattison, then Governor, on June 16, 1893. This appropriation was secured by Dr. William Hosack, then a member of the Pennsylvania Legislature and at that time a resident of Cherry Tree where he practiced medicine for a number of years.

The monument is about 15 feet high. It is 6 feet 2 inches across corners, 5 feet 4 inches between parallel sides each side and corner has rockface with margin lines dressed. On one side is cut the name Clearfield, on another Cambria and on the third Indiana.

The inscription reads: "This monument erected to mark Canoe Place, the corner of the properties purchased from the Indians, by the treaty of Fort Stanwix, N. Y., November 5, 1768."

BROKEN WATER PIPE CAUSES DAMAGE

A broken water pipe on the second floor of the E. W. Hess building on Second street during last night allowed the water to run through floor and ceiling down on the Ford parts stock of the local Ford agency, causing damage to the extent of three or four hundred dollars.

DOCTOR ORDERED WOMAN OBEYED

Took Lydia E. Pinkham's Vegetable Compound and is Now Well

Chicago, Illinois—"You surely gave women one good medicine when you put

Lydia E. Pinkham's Vegetable Compound on the market. After I had my baby I was all run down and so nervous it kept me from gaining. My doctor did everything he could to build me up, then he ordered me to take Lydia E. Pinkham's Vegetable Compound with his medicine and I am now a new woman. I have had three children and they are all Lydia E. Pinkham babies. I have recommended your medicine to several friends and they speak highly of it. You are certainly doing good work in this world."—Mrs. Anna Tomlinson, 10657 Wabash Ave., Chicago, Illinois.

There is nothing very strange about the doctor directing Mrs. Tomlinson to take Lydia E. Pinkham's Vegetable Compound. There are many physicians who do recommend it and highly appreciate its value.

Women who are nervous, run down, and suffering from women's ailments should give this well known root and herb medicine a trial. Mrs. Tomlinson's experience should guide you towards health.

FEDERAL

Committee, made public also names of operators from coal producing districts, so far designated as members of the advisory committee, which is a part of the federal organization for maintaining coal prices and insuring fuel distribution. They are:

C. E. Bokus, of New York, Chairman for Virginia; E. L. Douglas of Cincinnati for Kentucky; George S. Francis of Greensburg for Pennsylvania; E. C. Mahon of Knoxville for Tennessee; W. J. Magee of Charleston and E. E. White of Glen White for West Virginia.

C. E. Tuttle of New York was named advisor to the committee on lake and northwest movement and Lee Barton S. Willard of New York advisor on bunker and tidewater movement.

Son Of U. S. Consul In Cuba Held By Bandits; Want \$10,000 Ransom

Havana, Cuba, July 29.—John Juva Jr., son of the American Consul, of Sagua La Grande, is at the mercy of kidnappers and held for \$20,000 ransom. The youth disappeared yesterday and his automobile was found on occupied at a road crossing.

JEWELRY IS NOT HIGH PRICED

Lots of folks think that gifts bought at a jewelry store such as this one will of necessity be high priced. Such is not the case with things bought here.

We carry as wide a variety of jewelry, suitable for gifts and for personal adornment, as there is carried in Clearfield County and you'll find after shopping 'round a little that the prices here are just a little lower than they are elsewhere. We are out of the high rent section and the lower cost of doing business is reflected in our prices for everything.

Shop 'round and be convinced.

LOCAL FRIENDS REJOICE

The following two appointments by Auditor General Lewis will be of more than passing interest to Clearfield people, as both Mrs. Tuten and Mr. Baker have many friends here. Baker is a former Clearfield High School principal, while Mrs. Tuten

lived for a time at Hyde City.

Mrs. R. C. Tuten, of Phillipsburg, was today appointed by Auditor General Samuel S. Lewis as the first woman investigator of deaths, for state inheritance tax purposes. She will serve in Centre county and succeed Toner A. Hugg, of Milesburg, who resigned. Lewis also announced

George W. Baker, former clerk to the County Commissioners of Adams county, would be placed in charge of a reorganization of state mercantile tax matters, county bureau in his department. This appointment is preliminary to proposals of legislation changing the mercantile laws.

TWO CONFERENCES ARE SCHEDULED

WASHINGTON, D. C., July 29.—The threat of industrial demoralization is over, Administration leaders said today, as President Harding reduced to writing his promised plan for settlement of the railroad strike and the Presidential coal committee started its work of rationing fuel. The White House is confident of a settlement of the railroad strike sometime next week.

Coal Strike "In the Woods."

While the coal strike is regarded as still in the woods President Harding is sure that the public demand for fuel will have ample response. We shall have coal, it was confidently and emphatically stated at the White House.

Harding Sure Of Rail Peace.

The President feels almost certain that his plans will be accepted by both factions in the railroad dispute as he has secured a virtual agreement from representatives of both factions. Tuesday will see the final step towards peace, administration officials stated. On that date executives of one hundred and forty-eight railroads will meet in New York to discuss the President's plan for a settlement. On the same day ninety officials of the shop crafts union will meet in Chicago.

THE FLY IN THE OINTMENT

Chicago, Illinois, July 29.—Leading western railroad executives will strongly oppose any settlement of the railroad strike which will restore seniority rights to the men who walked out. At the conference in New York next week the western company managers will stand pat on the decision that the strikers' names will go to the bottom of the list on their return to work. At the same time the general opinion here was that at the meeting to be held in Chicago the workmen would be willing to accept the President's proposal that seniority standing of the strikers be placed just behind the old workmen but ahead of the strike breakers.

JEWELL AND CUYLER HAVE PROPOSAL

Washington, D. C., July 29.—President Harding forwarded his comprehensive suggestions which he believes will end the rail strike to leaders of the opposing factions today. The compromise proposal arranged by President Harding in conference with labor and rail forces was sent in letter form to Bert M. Jewell, head of the shop crafts department of the American Federation of Labor, and T. DeWitt Cuyler, head of the Association of Railway Executives. The contents of the letter were not revealed at the White House but may be given out later by Jewell and Cuyler.

BIG ROADS WILL OPPOSE

Chicago, Illinois, July 29.—All of the big railroads of the country will demand rejection of President Harding's proposal for settlement of the shopmen's strike so long as it contains any proposal for restoration of seniority rights to strikers, leading western railroad officials stated today. Small roads which have made no preparations to fight the strike and who have hired a few men want to accept the proposition. A meeting will be held in New York on Tuesday by representatives of these smaller roads. Seniority proposals are not important to them, as they have hired few strike breakers.

BAN ON COAL EXPORTS

Washington, D. C., July 29.—A ban on the exportation of coal except in cases of great emergency has been decided upon by the government, Secretary of Commerce Hoover announced today. This is a part of the government's fuel conservation plan during the mine strike.

CONFERENCE ON WEDNESDAY

Philadelphia, Pa., July 29.—Coal operators in the Central Competitive Field and union leaders will gather here next Wednesday for a conference, it was reported here today. President John L. Lewis refused to either confirm or deny the selection of Wednesday as the date for the conference, but declared it was near at hand. Lewis said he believed the men would be back in the pits in less than thirty days, but that the men would not resume mining during the negotiations. A conference said to have vital bearing on the present strike is scheduled to be held here sometime this afternoon. A number of union chiefs are in the city for this conference.

Washington, D. C., July 28.—Henry B. Spencer, former vice president of the Southern Railway and general purchasing agent for the wartime railroad administration was appointed Federal Coal Administrator for the duration of the present strike emergency by President Harding.

Spencer becomes administrative member of the coal distribution committee which will control distribution of available coal supplies on a priority basis to essential industries and utilities. With the announcement of the cre-

(Continued on Page 8).

YOUNGEST MOTHER

Hardin, O., July 29.—"I have no boy friends," Unshaken by inquiries of medical and local authorities Elizabeth Irwin, aged ten, said to be America's youngest mother today. Irwin witheld the identity of the child's father. A grand jury which was in session and inquiring into the case failed to bring out more than the one statement from the young mother "I have no boy friends." Elizabeth is the daughter of Rev. I. M. Irwin. The baby, a boy, weighing seven pounds at birth is apparently in the best of health. The girl's parents and other relatives said they could throw no further light on the case.

Columbus, Ohio, July 29.—Birth of a seven pound son to ten year old Elizabeth Irwin of Hardin, Ohio, was declared the most puzzling phenomenon of the age by Dr. Lyon, well known physician and head of the obstetrical department of the McKinley Hospital here.

CHERRYTREE WILL CELEBRATE ALL OF NEXT WEEK

Cherrytree, that borough at the junction of Clearfield, Indiana and Cambria counties, will mark one hundred years of its life with a big centennial celebration next week, at which time thousands of former residents are expected. A number of Clearfield people are planning to spend one of the three days at the celebration.

There will be something doing every day to entertain the thousands of visitors who will congregate there from all over the country. Historical scenes will be re-enacted and those having charge are sparing neither time nor expense to make the occasion a great success.

This is the point at which Penn made his treaty with the Indians in 1788—there will be real Indians on hand to perform their part. There will be rafting scenes of later years, reproduced, bringing back the lumber period when Cherry Tree was a great center of industry in this business.

Cherry Tree Borough was settled early in the nineteenth century by John Bartlebaugh, Peter Gordon, Asa Crossman, William Eason, Reeder King, Henry Sebring and others.

Abner Bartlebaugh was the first male child born at this place, in 1830 and is still living, being now a resident of White Township.

The town is located at the junction of the counties of Cambria, Clearfield and Indiana, and derives its name from the fact that its location in Colonial times and during the first half century of our Statehood was marked by a large wild cherry tree which stood on the point of land in the forks of the West Branch of the Susquehanna River and Crush Creek. The tree marked the point known as "Canoe Place," being the head of canoe navigation at ordinary stage of water and the place where the Indians usually tied their canoes.

Coincident with the centennial celebration at Cherry Tree next Thursday, Friday and Saturday, August 3, 4 and 5th, a number of historical happenings are brought to mind, of which the following will be of interest.

By an Act of Assembly in 1868 the Cherry Tree Male and Female College was founded with a capital stock of \$10,000 and was in progress up to 1875 when the State Normal School at Indiana was opened and caused the abandonment of the project. For a period of several years the school was principal of this institution.

Prominently engaged in business and connected with the history of this town during the lumbering period, reaching to about the year 1890, were

(Continued on Page 8).

ISSUES 8000TH MARRIAGE LICENSE --- TO HERSELF

San Diego, Cal., July 29.—Mary McMillen, four years ago became this county's official cupid.

At that time she secured employment in the clerk's office and on her first day at work issued her first marriage license.

The couple giggled their way out, and Mary quite determinedly said: "Not for me. I'll never marry!"

Two years later, Mary issues the four-thousandth marriage license

from her desk. Enters Charles Duffy as a court clerk in another department of the echoing old courthouse.

Says Mary again: "Marry? I've never thought about it."

Another two years. Another four thousand marriage licenses issued by Mary—that is, to be exact, 3,999.

Then Duffy whispered something into Mary's ear. Mary was receptive. And the eight-thousandth license Mary issued to herself. Now she's Mrs. Charles Duffy.

FIND DYNAMITE IN CARLOAD OF NON-UNION COAL

New York, July 29.—Discovery of dynamite scattered through a car of Western Pennsylvania strike zone coal consigned to the Fleischman Manufacturing Company here caused officials of manufacturing plants to issue orders for careful inspection of all fuel brought in during the continuation of the strike. Stokers at the Fleischman plant found small pieces of dynamite in the coal and a careful investigation revealed enough pieces to make three complete sticks of dynamite, it was reported by the police.

KENTUCKY MINERS THREATEN TO BURN MINE COMMISSARIES

Nashville, Tenn., July 29.—Striking coal miners from Kentucky have crossed the border and have threatened to burn commissaries of the mines here and shoot down the guards, a message from the sheriff of Claiborne County declared today. The sheriff asked the aid of additional state forces to suppress the invaders. Adjutant General Brunitt is expected to confer with Governor Taylor today regarding the request for troops.

Miss Hazel Weston, of West 3rd Ave., is spending some time with her sister Miss Alveta Weston at Clinton.

Miss Margaret Ebner of Montoursville is the guest of the West Side parsonage.

ENEMY DISEASE MAKES ADVANCE DURING WEEK

Secretary Gaulin of the Board of Health had a big time keeping even with Old Man Disease last week but finally succeeded in landing a fifty-fifty break. The rotund guardian of the public health released six cases from quarantine during the week but was forced to tack up just that many more new signs.

Four cases of chicken pox and two of whooping cough were pronounced fit to mingle with society in general, the quarantine cards removed, while the new cases were whooping cough, five, and scarlet fever, one.

Third and Fourth Wards Without Disease

There are at present fourteen cases of communicable diseases under quarantine in the town, with the Third and Fourth Ward, each showing clean bills of health. The First Ward has seven cases of whooping cough while the Second Ward has four cases of whooping cough and one each of diphtheria, scarlet fever and chicken pox.

PREMATURE EXPLOSION KILLS MINER

Greensburg, Pa., July 29.—One man was killed and several others seriously injured by a premature explosion at the mine of the Donnelly & Kavole Coal Company at Marguerite, a mining hamlet twelve miles from here. The dead man is Joseph Dinsky, aged 21. His father, August Dinsky, aged 63, is also in a serious condition.

Miss Alice Edwards of Merrill street, is spending some time with friends in Glen Richey.

PRODUCTION RECORD MAHAFFEY LAD HAS ON 4-IN. SEWER PIPE BROKEN YESTERDAY HEAD CRUSHED BY CLOSING CAR DOOR

Over 10 Thousand Feet
Of First Grade Pipe
Pressed By Vic. Jones
On One Machine.

Franklin Starr, 14 Years
Old, Victim Of Odd
Accident Near N. Y. C.
Depot At Mahaffey.

NEARLY TWO MILES

The Clearfield Sewer Pipe Works is about the largest sewer pipe making concern in the county and as is to be expected, the operating organization is in keeping with the size and importance of the plant, while the workmen employed are also the most expert to be found anywhere in the clay working business.

That being so, and it is so, the general public will take satisfaction in knowing that the world's record for sewer pipe making was broken at the plant yesterday when more than two miles of four inch terra cotta sewer pipe were turned out on one machine for the day's work.

At the end of this "perfect day" when General Manager Sam Warner and Supt. Browne checked up on their output for the day they found they had manufactured and on hand as perfect specimens no less than 5056 sections of four inch, and as each section is two feet in length, if placed end to end the line would reach almost two miles.

In addition to the officials mentioned. Inside Foreman W. S. Jones superintended the actual production while his son Victor Jones was the presser.

COMMUNITY PARTIES A SUCCESS IN EAST END AND REEDSVILLE

Any one who doubts the possibility of a real community party in Clearfield should have taken a look at the East End playground on Thursday night or Reedsville on Friday, both being genuinely happy, sociable affairs. Quite the feature of both were the Italian Band men who were more than kind in giving their services. After supper at East End, all the apparatus was in use with pick up games in basket, volley ball, quoits and slide, giant stride and sea-saws going busily. After dark the three large bonfires were lighted and toasted marshmallows, (donated) and ice cream cones percolated through the crowd in tune to the music.

The Reedsville party moved off with a real live volley ball game. Fire company No. 2 is in good practice, winning three straight, but No. 1's score grew each time so the outcome next time is not so sure. Then the band arrived—games and music started while a few wise ones broached the ice cream freezer. A couple of square dance musicians were on the job and presently sets were tripping it lightly on the sod.

Over 300 were in attendance at each celebration which proves that communities and Community Service makes a team.

NO TRUTH IN STORY OF LOST U-BOATS SAYS NAVAL BASE

San Francisco, Cal., July 29.—Naval headquarters were advised today by W. S. Miller of the Los Angeles submarine base, that there was nothing to a report that four submarines are missing off Lower California. A radio message from the Beaver which was escorting twelve submarines from the Pacific coast to Hampton Roads, was picked up and led to rumors that the subs were in trouble. The radio message was declared to be mere routine.

DIED ON THE TRAIN

Franklin, the 14 year-old son, of Mr. and Mrs. Jack Starr, of Mahaffey, died on the New York Central train at Clearfield Junction yesterday afternoon, the victim of a most peculiar and distressing accident which occurred at the New York Central railroad station at Mahaffey earlier in the afternoon.

A car of brick was being unloaded those engaged in the work utilizing an auto truck to haul the brick from the car to the place where they were being used. The Starr boy was at the car and standing in the door when the truck departed with a load of brick. As the truck started the rear end caught the car door and pulled it shut with great force and so quickly the boy could not escape. His head was caught and crushed between the door and the side of the car. A nail protruding from the door was forced through his skull penetrating the brain.

The door was hurriedly moved back and the terribly injured boy released. Medical aid was summoned and it was seen there was practically no hope of his recovery.

About this time the afternoon passenger train on the New York Central came along and the boy was placed in the baggage car and started for the Clearfield Hospital in the hope that he could be got there in time to have something done for him. The effort was unavailing however and death ensued as the Clearfield Junction was reached.

Word had been telephoned ahead to the hospital, but as about all the local doctors were out of town attending the West Branch Medical Association meeting at Lock Haven, Dr. Peterman met the train. He sed the pulmotor on the lad in the hope of being able to revive him but it was of no avail, life had indeed fled.

Franklin Starr was a bright manly lad, a general favorite among his playmates and neighbors and his untimely death has caused universal sadness in Mahaffey. He is survived by his parents, a twin sister, and six other sisters and brothers.

CURWENSVILLE IS PLANNING SUNDAY SCHOOL FIELD DAY

Curwensville, Pa., July 29.—An assembly of delegates appointed by the various Sunday schools from District No. 2 met in the M. E. Church at Curwensville Tuesday evening, July 25th, 1922, to organize an association for Field Day.

The organization is to consist of all the Superintendents, Assistant Superintendents, two delegates from each school, and the pastors in charge of District No. 2. The following officers were elected: President, J. D. Haines; Vice President, H. P. Kirk; Secretary, Miss Mae Shively; Assistant Secretary, Miss Velma Houpt; Treasurer, Charles F. Young. Executive committee: E. C. Weber, J. O. Seese; Mrs. Ashley McDowell; Miss Margaret Eckbert; Dr. J. A. Miller; Rev. S. C. Watts; Rev. W. R. Jones.

The Field Day will be held in Irvin Park, Curwensville, Pa., on Thursday August 24th, 1922, and will be participated in by all the Sunday Schools in District No. 2, and also a general invitation will be issued to all Sunday Schools in Clearfield County. This is the first time that a Sunday School Field Day has been attempted in this

ODDS AND ENDS AND THINGS

By J. D. C.

Some people are prone to worry over times. A Universalist preacher out in Pottsville is throwing oratorical fits in his pulpit nightly because he says the present Pope of Rome's best friend is a Jewish rabbi.

A Second World fellow says one of his neighbors' recipe for brewing the most progressive beer he ever saw. Last evening this neighbor invited him over to try a bottle of his home brew. He set out a glass, pulled the cap off the bottle and quickly filled the glass. The beer kept foaming out of the bottle and the brewer reached for a second glass which he also filled while the beer flowed on. This was repeated until he had eight glasses lined up in a row on the table and finally had to hold the overflow from the one bottle.

The picturesque town of Cherry Tree, located on the headwaters of the beautiful but useless and polluted West Branch of the Susquehanna river, is getting ready to stage a Centennial celebration. The big time will last three days—August 3d, 4th and 5th and great preparations are being made for the event.

Cherry Tree is one of the historic spots in Pennsylvania. It was originally known as "Canoe Place" because it marked the spot where William

Penn's emissary was forced to beach his canoe when on his mission of establishing the western boundary of "Penn's Woods". Under the agreement between "Quaker Bill" and the Indians, Penn's Courier was to travel up the West Branch in a canoe to the point where he could go no further by water and he should then make his way on foot thru the forest and the point reached at sundown on the evening of that day's travel would be the boundary line.

After beaching his canoe the nimble footed real estate grabber ambled swiftly up through Indiana county by Purchase Line to a point near Kittanning in Armstrong county.

One hundred years ago the settlement now Cherry Tree was made and the good citizens there now propose to commemorate that happening.

In the early day Cherry Tree was in the heart of a dense pine forest, which for many years furnished the chief industry of that section. Of the years the town has become an important railroad point and the center of a vast coal field. It always had a great future and its citizens were "promising" when speaking of the possibilities of the town. One fellow who had lived there and succeeded in getting away, wrote back from Chambersburg some forty years ago and this week's Cherry Tree News as a booster for the big show, published his letter dated Sept. 7, 1880. Here is a part of what he said:

"What a change from when I first settled among you and now. A few years ago people wearing long faces and the place as quiet as a graveyard at midnight, when one would not dare enter for fear of running astride of a phoe or some other supernatural phenomenon. Now, the long faces have grown shorter and present pleasant appearances and the quiet turned into a boom.

Visitors still flock to our town for a taste of "our healing waters," notwithstanding the late cool snap. Our well still flows on, and we have room for all. Just keep up the coming. The fall is the most beautiful part of the year to our thinking and no more delightful resort than Cherry Tree can be found in the State."

The old town was some town then, she is much more now. That same old artesian well is bubbling over with health-giving water as of yore.

THE OLD HOME TOWN — By Stanley

and thanks to Andy Volstead that is all there is to drink about the place. But don't let that keep you away from Cherry Tree, this will be a real celebration.

Shades of forty years ago. Here is a feature of the celebration. The News says "You will want to see the sawing and chopping contests. You woods scenes, will no doubt become who have never been acquainted with vastly interested. Log rolling will be another attraction that will hold the average person spell-bound. All those wishing to enter any or all of the above contests should send the names to V. Ord Tonkin Cherry Tree. There will be no limit in age and the material to be cut will be announced later.

What memories should such a con-

drunkenness than any other place in the community."

"Them were the good old days." Don't mis Cherry Tree's Centennial.

SAVED HIS OUTFIT AND IS READY TO DO EXPERT TUNING

Mr. Lynn G. Brenneman, who occupied one of the flats over the recently burned Pollack store has moved his household effects into the flat remodeled by Richard Cook on Market street.

Mr. Brenneman is an expert piano and player piano tuner. He not only is a tuner but can make repairs of any sort, having had several years experience in one of the largest piano factories in this country.

One of the first things that Mr. Brenneman saw when the fire was discovered in the Pollack Flats was that his piano working outfit was removed at once. This enables him to continue his work without interruption and he will be glad to hear from any piano owner in this city or the surrounding towns.

Surprised. "Heavens!" said the visiting golfer, "I never played such a rotten golf. Oh! Then you have played before?" asked the brave caddy.—Judge

CHASE & CHASE Attorneys for Petitioner 7/22-29 8/5t ch

NOTICE OF LETTING CONTRACT
For Lithographing of Bonds of Clearfield County

Notice is hereby given that bids will be received on Friday, August 11th, 1922, at 11 o'clock, A. M., by the Controller of Clearfield County, for the printing of lithograph bonds of Clearfield County, issue of Three Hundred Twenty-five Thousand (\$325,000) Dollars, Road Bonds of series 1922.

These bonds are three hundred and twenty-five in number, are numbered consecutively from 1 to 325 both inclusive. The bonds are coupon bonds and appropriate interest coupons must be attached, which coupons must also be lithographed. The form of coupon to be used is on file in the Commissioners' Office in and for said county and will be furnished to prospective bidders upon application.

All bids must be sealed and marked on the outside of the envelope containing bid with the words, "Proposal for Lithographing Road Bonds." Bids will be opened by the County Commissioners of Clearfield County at 11 o'clock A. M. Friday, August 11th, 1922, and contracts awarded to the lowest responsible bidder; all bids must state time within which lithographed bonds will be delivered.

The County Commissioners reserve the right to reject any and all bids. GRANT H. THOMPSON County Controller of Clearfield County July 25, 1922. 7/27-29 3t ch

Send in your Red Envelope

NOTICE TO CONTRACTORS
Sealed proposals giving lump sum price accompanied by receipt for certified check in the sum of One Thousand Dollars (\$1000.00) will be received by the Board of Commissioners of Public Grounds and Buildings at the office of the Superintendent, Capitol Building, Harrisburg, Pa., until 12 o'clock noon, Tuesday, August 8th, 1922, for the reconstruction, completion and repairs to the abutments and piers, and the necessary work in connection with the approaches, of a bridge over the West Branch of the Susquehanna River near Mowrie on the New York Central Railroad (River Division) known as the Rolling Stone Bridge, between the Townships of Covington and Cooper in Clearfield County, Penna.

Parties desiring copies of drawings, can obtain same by depositing Ten Dollars (\$10.00) which will be refunded upon return of the plans and specifications in good order.

Proposals must be made out upon blanks furnished by the Commonwealth of Pennsylvania. All blanks must be properly filled in and no change in phraseology shall be made. Bidders must make satisfactory arrangements for the materials they propose to use, to be delivered uninterruptedly in such quantities as to complete the work within the term of the contract. Delay in receiving materials for the work will not be accepted as a reasonable excuse for non-completion of the contract according to the terms thereof.

The Board of Commissioners of Public Grounds and Buildings reserve the right to reject any and all bids.

The words "PROPOSAL ROLLING STONE BRIDGE" must be plainly marked on the outside cover of all proposals.

The State Treasurer's Department, of the Commonwealth of Pennsylvania will furnish receipt to be enclosed with the bids for all checks deposited with the State Treasurer for such purpose prior to ten o'clock A. M. Tuesday, August 8th, 1922.

By order of the Board of Commissioners of Public Grounds and Buildings of the Commonwealth of Pennsylvania. T. W. TEMPLETON, Superintendent. SAMUEL B. RAMBO, Secretary to Board.

BIDS WANTED
Bids will be received by the Boggs Township School Board until Monday August 7, for furnishing coal to Blue Ball school for the ensuing term (8 months) of school, beginning about Sept. 1st.

Bids to be for furnishing good coal delivered into the building with price for net ton.

Also for furnishing coal and kindling to Oak Corner, Center Spring Valley, Bethlehem, Stoneville and Eagle Eye schools, at so much per school. The Board reserves the right to reject or accept any or all bids. Address bids to T. L. Wall, Secretary Grampian, Pa., or West Decatur, Pa. 7/15-22-29 ch

Bits of Information.
The phrase, "a feather in his cap," originated in an old custom in Hungary, which forbade any one to wear a feather in his cap unless he had killed a Turk.

The hotly contested game between the Red Men and Reedsville was called "squawp jo juncow up po game will be played off some time

On Tuesday while doing some fast work Hillsdale ran their machine into a bump of "Yinnumac Elbbanqs".

They reported two blow outs, gear shifts out of commission, a broken axle, and all together a pretty badly wrecked machine and would not be able to finish the race.

A bunch of young huskies up Reedsville way, who will be known as the Reedsville Independents promptly cranked up and filled the breach made by Hillsdale's accident. They will make their bow to the public Wednesday evening on the Reedsville ground when they cross bats with the fair Red Men's team.

POLICE HUNT WOMAN WHO SLEW RIVAL

Greensburg, Pa., July 29.—State Police today searched for Mrs. Steve Stanilla who is charged with killing Mrs. Joseph Bonetti, in a public street at Jacobs Station, a mining town near here. Mrs. Stanilla is said to have accused Mrs. Bonetti of being a rival for her husband's love.

Old Sores, Piles, Burns and Scalds Heal

Very Quickly

Your local druggist sells an ointment called San Cura that surely does do anything it is advertised to do or money back.

Thos. F. McCauley, Cooperstown, Pa., cut his finger; blood poison set in; arm swelled terribly; friends despaired; said arm must come off. San Cura Ointment drew out water and dark pus; agony ceased; arm and hand soon as good as ever.

It quickly draws out poison from sores, fever sores, ulcers, boils, carbuncles, cuts, burns, scalds and bruises.

For itching, bleeding or protruding piles, it has received the highest indorsements, while innumerable cases are cured. It is a better and safer remedy than any other in the market.

San Cura Ointment is the best possible time. San Cura Ointment is 50c per box and \$1.00 at all Drug Stores.

CHURCHES

WEST SIDE M. E. CHURCH

W. L. Armstrong, pastor

9:30 A. M. Bible School.

10:45 A. M. Morning worship with sermon, theme, "That In Which We Should Glory."

FIGURES ARE DECEIVING

Some member of the "Round Numbers and End to End Club" has compiled an interesting set of figures to show how much a woman's work comes to in the ordinary round of 30 years of household duties.

At the end of 30 years of married life, we learn, the average woman has served 500,000 meals. She has put up more than 3,000 jars of preserves; made 32,850 beds; swept more than a million square yards of floor space, and dusted furniture enough to fill several warehouses. The time devoted to sweeping and dusting and scrubbing is to be estimated at not less than 35,000 hours.

For this particular statistician these figures lead to the query: "And what has she accomplished after all this labor? Is she even permitted to retire with a pension after all this work?" As a matter of fact it is probably true that most women could not be tempted to retire at the end of 30 years of household work, and if they were pensioned they would want to be given something else to keep them busy. In which respect they are like most men.

But in the matter of figures it must be remembered that these things are meaningful only by comparison. Formidable as woman's household duties look when thus totalled over a period of years, the numbers look less imposing when compared to other similar figures. At the rate of 1,600 bricks a day for 300 days a year a bricklayer will lay 11,000,000 bricks in 30 years. The number of miles covered by a postman in his daily round over a period of 30 years would probably make our feet ache from the very reading of it.

This sort of game has infinite possibilities. We might take the case of an elevator girl in a 29-story building. How many trips does she make in a year? Calculate these trips in terms of feet traveled upward; reduced to number of miles, for a period of 30 years the total distance traveled upward is less than 35,000 miles. It is only because the elevator is the slowest one in the world. And there is no such elevator. And figures are deceiving.

EXPERT FINANCING

It is encouraging to individual taxpayers to note the steady progress being made in reducing the expenditures of the federal government and stabilizing the country's financial affairs. Ordinary expenditures of the government during the last fiscal year were \$1,383,000,000 less than the preceding year, while public debt disbursements fell off \$2,131,000,000. These changes were due not alone to the policy of economy which is being practiced by the present administration, but a goodly share of the saving is to be credited to treasury operations in accord with the best business principles, something which not always has characterized the government's fiscal affairs. Nor are all the benefits of these operations yet apparent.

Interest on the public debt in the last fiscal year declined by \$9,000,000. When the record for the current period is made up a year hence the effects of Secretary Mellon's financing and refunding operations will be more widely felt. More than four and three-fourth billions of certificates of Liberty Bonds and Victory Notes. There will be a sharp cut of interest rate on one issue of Victory Notes in December, and the rate on short term indebtedness has been steadily pared by the secretary. Furthermore, there has been an aggregate of \$107,000,000 national bank and federal reserve notes retired, not an insignificant item in the process of currency deflation.

The results of all these things will be reflected in the greater ease with which general business will be conducted. And as a consequence of the common improvement there should be more business, more employment and a still more expansive general prosperity.

LESSON FOR JULY 30

THE FIRST RETURN FROM EXILE

LEADON TEXT—Jer. 29:10-14, Ezra 1:1-11

LEADON TEXT—We know that all our work is either for good to them that love God—Romans 8:28.

REFERENCE MATERIAL—Psalms 86, 137, 138, Jer. 29

REVIEW TOPIC—God's People Return Home

JUNIOR TOPIC—How God Kept a Great Promise

INTERMEDIATE AND SENIOR TOPIC—How God Kept a Great Promise

ADULT TOPIC—Striking Manifestations of God's Providence

1. The Return From Captivity Predicted (29:10-11).

It seems that false prophets were flourishing in Babylon telling the people that they would speedily be restored to their own land. To counteract this the Lord moved Jeremiah to send this letter to the captives in Babylon (vv. 8, 9). In this letter he advised them to settle down and quietly pursue their regular callings of life and not to be led astray by the false prophets (vv. 6, 7).

2. Recovered by God (vv. 10-14).

God's purpose in the captivity was to cure them of their idolatrous practices. He assured them that when His purpose was accomplished He would visit them and convince them of His good purpose toward them. When once this was done they would call upon Him in sincerity and He would be found at their side. Their captivity He would turn away, gather them from all the nations and bring them into their own land.

3. Prediction of Captivity Fulfilled (Ezra 1:1-11).

1. The proclamation of Cyrus (vv. 1-4). (1) This was not by accident, but that the word of the Lord might be fulfilled (v. 1). What God has promised He will do; He never gets. Whenever we find a promise which He hath made we can rest upon it. He will make good. (2) By divine institution (v. 1). "The Lord stirred up the spirit of Cyrus." How this was done we do not know. Possibly Daniel brought to his attention the prophecy of Isaiah and Jeremiah (Isa. 44:28; Jer. 25:12). Every impulse to do good in all men is caused by the Lord—even a heathen king who may not have been conscious of doing His will, at God's appointed time took the initiative in this matter. It may have been that Cyrus only saw his own action as a matter of statecraft—the creation of a buffer state nation between his kingdom and that of Egypt. Be that as it may, God stirred him up to do His will. (3) The content of His proclamation (vv. 2-4). (a) "The Lord God of heaven hath changed me to build Him a house in Jerusalem" (v. 2). This is the first time that he had some impression of God's hand upon him. (b) Appeal to Jewish patriotism (v. 3). He reminds them of their national spirit and that they were not anxious to go. All such were to lend friendly assistance in silver, gold and beasts. Those who cannot go to do God's work should strengthen the hands of those who do go.

2. The response of Cyrus' proclamation (vv. 5-6). The chief of the fathers of Judah and Benjamin and the priests and Levites presented themselves as willing and ready to go. The company which returned was largely made up of representatives of Judah and Benjamin.

3. The royal favor (vv. 7-11). Cyrus brought forth the vessels of the house of the Lord which Nebuchadnezzar had brought forth out of Jerusalem and put into the house of his gods. This was a great encouragement to every loyal Jew whose heart had been grieved over the profanation of these sacred vessels. Now to have 5,400 of the vessels returned to their owners and sent back to Jerusalem to be put to their original use, met a hearty response by the Jews.

Who Knoweth the Lord's Mind.

He that is spiritual judgeth all things yet he himself is judged of no man. For who hath known the mind of the Lord, that he may instruct him?—1 Corinthians, 2:15, 16.

Perseverance is Necessary.

Few things are impossible in them which believe. It is not so much means, as perseverance, that is wanting to bring them to a successful issue.—Booth's

Godliness.

Godliness consists not in a heart to attend to do the will of God but in a heart to do it.—Jonathan Edwards.

PROBLEMS OF LOCOMOTION!

TODAY'S STOCKS

New York N. Y., July 29.—Railroad stocks displayed some buoyancy over the prospect of a settlement of the strike next week, but trading soon settled down into a narrow ring. Continued selling of Studebaker and a new low for the German mark failed to shake off the lethargy from the 57 3-8; Crucible Steel, 88 3-4; General Motors 13 3-4; Lehigh Valley, 65 1-2; Ist as a whole. About the only noteworthy features in the trading were a

new high for the year for Continental Steel, 35 3-4; Pennsylvania, 47 1-8; Sinclair Oil 31 1-2; Studebaker, 128 1-2; Texas Co. 46 1-2 U. S. Rubber, 59 5-8; U. S. Steel, 101; Willys Overland, 8 1-8; Call money 2 1-2.

New York, N. Y., July 29.—American Locomotive, 118 1-2; American Sumatra Tobacco, 37 7-8; Baldwin Loco. 119 1-2; Baltimore & Ohio, 57 3-8; Crucible Steel, 88 3-4; General Motors 13 3-4; Lehigh Valley, 65 1-2; Middle States Oil, 12 3-4; Midvale

Liberty 3 1-2's, \$100.94; Liberty 1st 4 1-4's \$100.54 Liberty 2nd 4 1-4's, \$100.70; Liberty 3rd 4 1-4's \$100.56; Liberty 4th, 4 1-4's \$101.44, Victory 4 3-4's \$100.46.

EAST END VS. MACHINE SHOPS

Last night's Horse Shoe game settled the fate of two more teams in the Community Service tournament. The pitching was on the Machine Shop Courts, with the following teams and scores.

Darger and Spackman	16 6 18
O'Donnell and Hixon	21 21 21
Flegal and Flegal	21 21 21
Bollinger and Hudson	18 18 10

This leaves East End and the Machine Shop still in the ring.

The New Series 6-66 Perfected Chassis

The new Series Paige 6-66 Models are now ready for your inspection. We offer them as the most distinguished group of Motor Cars in the entire six cylinder field. No cars have ever won greater or more consistent endorsement from the motoring public. But now comes the final touch of Paige craftsmanship—the careful, painstaking, refining process which results in a perfected product.

So far as beauty of design and appointment are concerned, we leave that to your own eyes. Just now, we ask you to consider very briefly a chassis of one hundred point strength and efficiency.

The Motor

In every fundamental detail this great 70 horsepower engine remains unchanged. Two years of heroic service have failed to reveal a single weakness at any speeds or under any driving conditions. But many refinements and improvements of detail have brought the power plant close to perfection. The 6-66 now possesses the flexibility of an electric.

The Frame

The specially designed frame of the 6-66 has been still further reinforced by two additional cross members. This construction assures a frame of utmost stiffness and practically eliminates all possibility of weaving. It means giant strength where strength is an essential requirement.

The Clutch

The New Series 6-66 is equipped with a new type clutch—the greatest single advance ever made in clutch development. It is now actually possible to change from high to second speed when the car is traveling at 30 or 35 miles per hour. Never before has such smooth, velvety action been dreamed of.

The Transmission

A new and highly efficient transmission makes gear changing a delight. Here Paige engineers have secured the combination of vast strength and amazing quietness. One finger on the lever and the gentlest of pressure is all that is necessary for immediate action.

Universal Joints

Here is a splendid improvement—Universals that are permanently lubricated. No parts are harder to get at and no parts need more consistent oiling. In these sturdy, yet flexible joints, there is a complete solution of the problem, for they retain their lubricant tightly sealed against dust and grime.

Snubbers

Long 61-inch springs are a sufficient guarantee of smooth, easy riding qualities but when these are supplemented by snubbers you can imagine the result. No words can quite describe how the New Series 6-66 rides. But you can thank perfect distribution of weight, the unusually long springs and snubbing.

The Axles

Both front and rear axles are Paige-Timkens with all that this combination implies. There could be no finer construction—no better example of skilled workmanship and highly tested metal. Front and rear, the Paige 6-66 carries the best axles that money can buy.

Such, very briefly, is the perfected chassis of the New Series 6-66 Models. It is one great union of strength and efficiency—a true Masterpiece of Mechanical Engineering. It promises not only a newer, finer conception of Motoring, but years of full vigorous life on the Highway. We suggest that you see it today.

INTERESTING PICTORIAL NEWS

TYPICAL FLAPPERS. You're often heard 'em called that, but did you ever really understand what it meant? This will straighten you out. It's a picture of a flapper, 100 per cent, from head to foot. Thirteen qualifications. Count 'em: No. 1, hat of soft silk or felt; No. 2, bobbed hair; No. 3, flapper curl on forehead; No. 4, flapper collar; No. 5, flapper earrings; No. 6, slip-over sweater; No. 7, flapper beads; No. 8, metallic belt; No. 9, bracelet of strung jet; No. 10, knee length flimsy shirt; No. 11, exposed, bare knees; No. 12, rolled hose with fancy garter; No. 13, flat heeled, little girl sandals.

MEDAL FOR BOY HERO. Minneapolis, Minn., folks are seeking a Carnegie award for 13-year-old Philip Hanco (below), who dashed into the traffic and rescued 3-year old Dorothy Zollinski (above) from under the wheels of a speeding auto. Philip was run over himself, and an arm broken.

STRIKEBREAKERS, BEWARE.

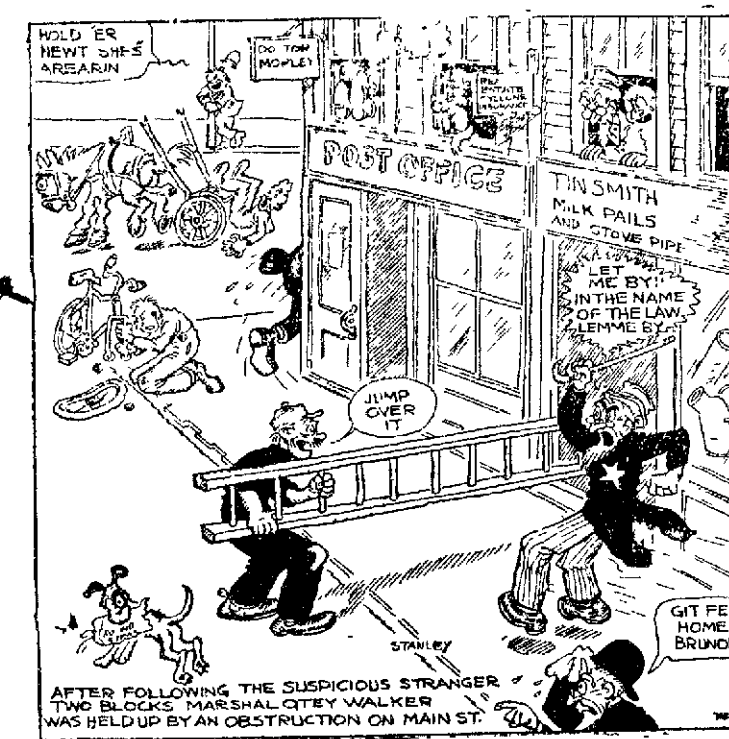

That's the message mine strike sympathizers left in West Virginia in this effigy that by night was mounted on a tree stump, close to one of the mines where strikebreakers were being employed. State troopers tore it down.

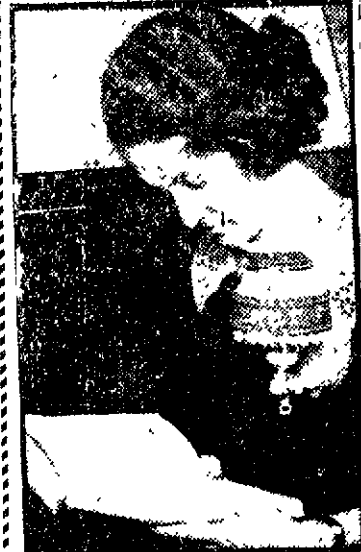

FIRED PIPERS OF CINCINNATI. Their pipes were waterpipes and the pipers were city firemen, called out by residents near one of the city dumps who protested against countless rats. Powerful streams from fire hose did the business, hundreds of rats being driven out and other men drenched.

HERE'S A HUNCH FOR OUR TOWN. Phoenix, Ariz., auto salesmen challenged Tucson, Ariz., auto salesmen to a street-sweeping contest. This shows 'em brooming. The speed and efficiency they displayed was amazing. Now, if some kind soul would only originate such a contest in our town, we might—but, oh, well why such useless hopes?

AFTER FOLLOWING THE SUSPICIOUS STRANGER TWO BLOCKS, MARSHAL QTEY WALKER WAS HELD UP BY AN OBSTRUCTION ON MAIN ST.

CARRY LIGHT WITH YOU. That's the latest. The "wear-em" lamp was introduced to light up mother's sewing or dad's newspaper, but think how it would lighten the chaperone's worries if she would wear it when she entertains her beau on the dark front porch.

WHAT'S A FIVE-STORY FALL? Bettie Kan Harter, 3, of New Castle, Ind., did it, and wasn't even knocked unconscious. Not even a bone was broken. In two hours she was playing again around the yard. Bettie opened the screen window and tumbled out when her mother wasn't looking.

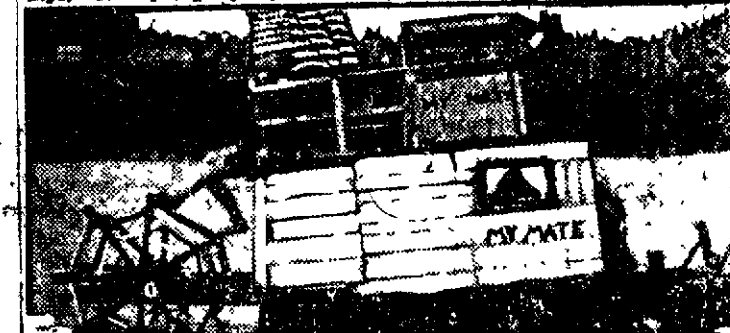

OLDEST BARBER. He's Albert Schultz, Cincinnati, O., and he's kept shop at the same stand for 52 years. This shows him shaving R. Steinmann, who was his first customer and who has been coming regularly since for more than half a century. "Bobbed hair new," it is said, says he. "Girls were having it bobbed in 1870."

PAPER-WAD SHOOTERS, AHOY! Here's good news for the opening of school. A. R. Brown of Louisville, Ky., has invented this paper-wad machine gun, which, by storing turning a crank, shoots 90 to 100 wads quicker'n a cat. Oh, teachers! This boy is demonstrating it.

HOLD 'ER, NEWT; SHE'S A-RARIN'. Ed Purcell, one of the star performers at the Fort Klamath, Ore., roundup, tried to ride Rocker P. Paul, a notorious "bad horse." Rocker turned a somersault, and—Purcell didn't waste any time in making tracks. He was caught under the horse's hips, but only slightly injured.

SHADES OF TOM SAWYER! Here's one Mark Twain overlooked. It's the only log-propelled "steamboat" in captivity. Carl Knechtler, skipper and crew of this novel craft on the lower Ohio River, sits on the rear and propels the stern wheel with his feet. Notice the cabin, and the "wheel-house," too.

BUY TIMS IN WEST VIRGINIA. It shows state troopers questioning residents of a West Virginia mining town in the constant rounding up of suspects connected with attacks that are being made daily by mine strike sympathizers on mine properties at which strikebreakers are employed.

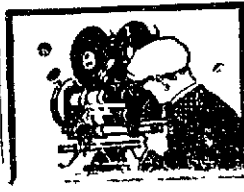

THIS WAS SOME BLOWOUT. It shows one of the "among those present" when a windstorm hit Phoenix, Arizona. The roof of the Seventh Avenue Hotel, shown here, was lifted up bodily by the blast, twisted into a hundred pieces and dropped hither-yeller back over the hotel and the surrounding streets. Every person sleeping in the hotel at the time escaped injury.

ONE-OUNCE BATHING SUIT. That's it, shown above, draped around Peggy Schott. It won a prize for Peggy at a recent bathing parade at San Diego, Cal. But that wasn't all that Peggy wore, of course. She wore a smile.

THRESHING MACHINE EXPLODES. One man was killed and five others injured when the blast came on a farm near Dayton, O. The machine was picked up and turned completely over. Parts of the engine, weighing 200 pounds, were found 600 feet from the blast. All of which makes aviators shake their heads in horror and comment once more on the dangers of living on old Mother Earth.

WORLD CHORUS CRIES OUT TODAY "NO MORE WAR"

A world chorus raising the cry "No More War" in ten different languages, from the people of fourteen nations, will today greet the eighth anniversary of the outbreak of the great war.

By radio, wire and mail the people of the world will send messages and petitions to their Governments demanding active work for world peace.

Hundreds of thousands of posters bearing the three words "No More War" will be posted simultaneously throughout this country, as a part of the demonstration organized in the United States by the National Council for Reduction of Armaments, from its headquarters in Washington.

The object of these "No More War" demonstrations, which began in three cities of Europe two years ago, and are this year encircling the globe, is, according to the National Council.

"To assert the simple and overwhelming determination of the people that there shall be no more war."

The week-end preceding the actual anniversary has been chosen for the demonstration which in Europe will take the form of processions and mass meetings, and in this country will vary from one community to another.

Through the local branches of the 42 national organizations forming the National Council for Reduction of Armaments, state wide demonstrations have been arranged in Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Maryland, Maine, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, New Hampshire, New Jersey, New Mexico, New York, Ohio, Oregon, Oklahoma, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Vermont, Virginia, West Virginia and Wisconsin.

Among the organizations most active in the "No More War" demonstrations are the National League of Women Voters, National Council of Jewish Women, Y. W. C. A., W. C. T. U., the Business and Professional Union League, Women's International League for Peace and Freedom, the Congress of Mothers and Parent Teachers Association, the Association of Ex-Military Reconstruction Aides and the state branches of the National Council.

Large cities will hold special demonstrations and the following Pennsylvania meetings will be held:

General Federation, Pittsburgh; Philadelphia, Newtown, Fishertown, Lansdowne, Germantown, Millville, Chester, Titusville, Wilmerding, West Grove, Washington, Buckhill Falls, West Chester, Swathmore (Chautauqua Assisting) New Castle, Hanover, Oil City, W. Va., Westown, DuBois, Reading, Media, Peach Bottom, Oxford, Huntingdon, Coatesville, Grampian.

GREENWALT

Thomas Wilson Greenwalt was born in Clarion County, Pa., on August 23, 1844, and died at Clearfield, Thursday July 27, 1922, being aged 77 years, 11 months and 4 days. He is survived by his aged widow, two sons, and two daughters, as follows: Mrs. Mary Rishell, Richard, James and Evelyn Greenwalt, all of Clearfield. He is also survived by three brothers and one sister, viz: Samuel, Jeremiah and George Greenwalt, of Sligo, Pa., and Mrs. William Silvis, of East Brady, Pa.

The funeral will be held from his late home at 809 South Seventh Street Sunday afternoon at 2 o'clock. (East Brady Papers Please Copy)

ASK RECEIVER FOR CEREAL FIRM IN WESTMORELAND

Pittsburgh, Pa., July 28.—The Real Estate Trust Company was named receiver of the Jersey Cereal Food Company, of Cereal, Westmoreland county, Pa., in federal court here today. Creditors and the company joined in the request for a receiver.

Assets, the petition stated, were more than \$1,000,000, and the company is solvent, but a receiver was asked in order to straighten out the affairs of the concern.

George Greenwalt, of Sligo, Pa., Mr. and Mrs. William Silvis and grandson James, of East Brady are here to attend the funeral of the late Thomas W. Greenwalt.

Blanche Butler had her adenoids and tonsils removed by Dr. Yeancy on Thursday, July 27 and is at her home in Mt. Joy getting along nicely. Mrs. J. F. Johnson and son of Jordan Township are visiting with her parents Mr. and Mrs. J. G. Smith on River street.

W. F. FREDERICK PIANO CO. THRIFT CLUB

This Is An Opportunity That Deserves Your Immediate Consideration

—THE PLAN—

Briefly, we have arranged to form a Club for thrifty piano buyers. We will supply the members with one of these famous Pianos, Player-Pianos or Baby Grand Pianos from our regular stocks. We will allow each member three years to complete their payments and we will protect each member in case of illness, sickness or non-employment. We will assume all risk in case of fire; we will fully guarantee every instrument ten years. We will allow you six months to exchange the instrument if you think you would prefer something else. Surely no better opportunity could ever be secured for an intelligent purchase of a piano or a player-piano.

—LIMITED MEMBERSHIP—

Naturally, because of the unusual advantages offered, we must limit the number of instruments to be sold under this Plan. No matter what your taste may be, this Club can supply your wants. Only Members will be allowed the advantages of these special prices and conditions. As soon as the allotted instruments are sold, the Club will close. This is an opportunity that thrifty buyers will gratefully remember.

—THE PURPOSE—

The purpose of this Club is to apply common sense—thrift and economy—to piano buying. Music is a necessity. It is as necessary for happiness as food, shelter and raiment. Every general in the World War knew this to be a fact. It was the singing soldiers who won the battles. It is the musical families who win life's battles.

An intelligent purchase of a musical instrument is a thrifty thing.

Music encourages thrift. The object of thrift is happiness, and where there is music there is happiness. Music stimulates family morale; it makes the home more attractive, there is less temptation to seek amusement and entertainment elsewhere. Thrifty, intelligent families have music in their homes. This opportunity is for thrifty families.

AN UNUSUAL OPPORTUNITY FOR THRIFTY BUYERS

YOU SECURE A WELL-KNOWN STANDARD INSTRUMENT—a famous piano of proven merit. One of our well-known lines which have won a place in thousands of homes for over two generations.

YOU HAVE THREE YEARS TO PAY—you do not have to pay the entire amount at the time of purchase—you may spread the payments over a period of three years.

YOU HAVE 6 MONTHS TO EXCHANGE IT—if for any reason you want another instrument than the one you selected, we will make an even exchange for you any time within six months, applying all payments at full value.

YOU RECEIVE A 10-YEAR GUARANTEE with any piano or player-piano bought through this Club.

YOU ARE PROTECTED IN CASE OF SICKNESS, INJURY OR NON-EMPLOYMENT—we will allow you to make half payments if necessary.

YOUR FAMILY IS PROTECTED IN CASE OF YOUR DEATH—we will release them from further payments and give them a receipt in full at once.

YOU ARE PROTECTED IN CASE OF FIRE—we will replace the instrument or repair it to your entire satisfaction.

YOU RECEIVE TWELVE MONTHS' FREE REPAIR SERVICE—any necessary regulations or adjustments will be made free without charge within twelve months from date of delivery.

YOU RECEIVE SPECIAL EQUIPMENT WITH THE INSTRUMENT—for details, read our newspaper advertisements.

YOUR INSTRUMENT WILL BE DELIVERED FREE—to any point within 50 miles of our store. To points beyond, freight charges will be added.

YOU PARTAKE IN A REMARKABLE PIANO-BUYING OPPORTUNITY—you make a good, safe investment in an article that will make your home more attractive and bring you real educational value, wholesome entertainment and genuine happiness.

YOU WILL BE PRACTICING "COMMON-SENSE" THRIFT.

Player Pianos—Grand Pianos—Upright Pianos

These pianos offered to members of this Thrift Club are nationally known instruments.

They are one of the celebrated lines handled by us for many years. People of two generations have bought and used these pianos and have found them to be of the highest possible merit.

In style and design they are rich and artistic. The workmanship and material are of the highest grade. Durability is one of the qualities for which these pianos are particularly known. You will find the action and touch very sensitive and responsive. And best of all the tone is full, round and pure. This, of course, is due to their superior construction.

The resulting tone quality far surpasses that of the average piano.

These pianos are very beautiful in design and are instruments that any home may be proud to own.

Membership Fee \$1.00

The cost of a Club Membership is a mere trifle. One Dollar (\$1.00) will secure these opportunities for you. Merely fill out the Application Blank and bring or send it to our store with your \$1.00 membership fee. If your application is accepted you will receive a properly signed Membership Certificate which will entitle you to every Club advantage. This surely is an opportunity of a lifetime.

You should fill out the Application and bring or send it in at once.

APPLICATION FOR MEMBERSHIP

Gentlemen:—

Please enter my application for membership in your THRIFT CLUB.

I herewith pay you the membership fee of One Dollar (\$1.00), which, if my application is accepted, will entitle me to a full membership in your Thrift Club, together with all the Club advantages if I select a Thrift Club piano or player-piano at your store after my application is accepted, it being distinctly understood that if my application is rejected or if I decide not to make a selection, the membership fee will be refunded.

GARLAND, HEIR TO MILLIONS, SENDS MINERS PITTANCE

New York, N. Y., July 29.—The first donation from the \$900,000 fund for the benefit of mankind, established by Charles Garland, who once refused a one million dollar legacy, is on its way to help the striking miners in the Western Pennsylvania coal fields, according to an announcement made after a meeting of the board of directors of the above organization. The directors in Garland's presence set aside \$2,000 for the miners. Garland, who recently came into publicity because of his peculiar views on money and marriage outlined his views and wishes to the directors as follows: It is my desire that the money be turned over to individuals and groups of individuals who shall be trusted to use it for the benefit of mankind, so called criminals as well as the uncondemned.

HAVE YOU BEEN VICTIMIZED AT CHESTER HILL?

The Philipsburg Commercial Club and the Clearfield Commercial Club both have the public welfare as well as the individual well-being at heart and for that reason have instituted the campaign to bring proper attention to those who may unduly abuse their authority. It is to be clearly understood that these organizations in no way condense speeding automobiles thru boxes or reckless driving anywhere and where these conditions have existed no effort will be made by these clubs to protect the guilty. They do want information from anyone who has been unjustly accused of breaking the law at Chester Hill near Philipsburg and wish to acknowledge in this way receipt of information of this kind up to this time. So many have written that it is almost impossible to acknowledge them individually. Their attorneys are weighing the evidence submitted and advising the proper action to pursue. If you have been "victimized" write to the President of the Clearfield Commercial Club and state your case.

Their efforts have already been rewarded by the speed trap being removed to a point where the self-respecting, law-abiding auto driver, of which we know there are still quite a number, will have a fair chance.

Send in your Red Envelope

the little girl was bitten about 6 o'clock last evening. "Col. Max" Kuhn the "dog pest" was notified at once and went gunning for the dog. When "Col. Max" gets after a dog it's all off and when this dog saw "old pest" and death approaching, he like Davy Crockett's coon, gave one last fond look at the scenes of his childhood, then turned with a tear in his eye and announced as plainly as he could, "Col. Max, I am here, do your worst."

"Col. Max" did his very best and one shot from his trusty six gun sent the vicious cat to dog heaven" much to the joy of the children who live in that section.
